

THE RAILROAD ORDINANCE GOES THROUGH UNOPPOSED

Committee of Business Men Present to Urge Its
Passage, But No Arguments Were
Needed.

DELAY HAS COST THE CITY HALF A MILLION

The city council, realizing the folly of longer heeding the dictates of one person moved solely by selfish motives, has at last acted upon the railroad ordinance and passed it. To uphold the business interests of the city with the necessary force of argument, W. E. Wells, Joseph G. Lee, W. L. Smith, George Thompson and H. W. Smith, all members of the pottery association, were present at the council meeting last night. Their arguments, however, were not needed; the advice of the News Review was heeded and council unanimously passed the ordinance.

Every member of council except Smith was present at the meeting. Johnson and Croxall, however, were there reluctantly. The supposition is they were not inclined to vote for the ordinance.

The council chamber was filled with sentiment for the ordinance. One lone person occupying the spectators' gallery was opposed to it, but for once his opinion was of little weight. The howling done by him through the medium that long since gained a reputation for being against the best interests of the city, sank into oblivion. The ordinance was placed before the body and unanimously passed on its third reading and the same number of votes was cast for its passage.

A most representative body of East Liverpool's business men was present for the purpose of arguing in favor of the ordinance, but none were given the opportunity. The councilmen grasped the situation and gave the measure support without the weight of oratory. Had the opportunity been given the visitors, however, the councilmen

would probably have felt much better satisfied with their action. Messrs. Wells, Lee and Thompson were interviewed after the close of the meeting and Mr. Wells, as spokesman of the trio, gave the following as his convictions concerning the ordinance:

"Had council tonight failed to pass that ordinance a black cap would have been placed over the chief industry in the city which nothing could have raised. By the passage of the ordinance we are now to have a double track from Pittsburgh to Cleveland. To the inexperienced that may seem trifling, but we manufacturers know that it means much. By improving the shipping facilities every man, woman and child in this city will be benefited. "By careful calculation I know that the city lost \$500,000 last year by being so handicapped with the lone track. Of that sum \$300,000 would have been paid out in wages. Three more years like that of 1903 would have wiped East Liverpool off the face of the map, from an industrial standpoint. During that year we could have better afforded to have had a \$5,000 fire once a week. The loss would not have reached that occasioned by the impaired shipping conditions.

"It is due to the shipping facilities that so many potteries have been built in outside towns. The reason is plain. To ship a carload of ware from East Liverpool it has taken six weeks and from outside towns six days. Why, I actually know of an instance where it took as long for a car to reach Alliance as it did to go from there to California.

"The action of council was the wisest step the gentlemen ever made."

who signed the petition pledging support to Dick soon after their arrival here.

Mr. Welker, of Stark, stated that Stark would put Attorney Grant, of Canton, forward for congress next year. This early announcement will put the friends of Mr. Kennedy on their guard.

LARGE LIABILITIES OF WELLSVILLE MAN

I. C. Clark Has Been Adjudged a Bankrupt—Liabilities, \$49,000 And No Assets.

Lisbon, February 24.—(Special.)—The case of I. C. Clark, of Wellsville, who was adjudged a bankrupt in the United States district court at Cleveland, has been referred to Referee Dickinson, of Leetonia, and the first meeting of the creditors will be held in Leetonia at 11 o'clock Saturday, March 5.

Clark's liabilities are given at \$49,584.25, with no assets. His financial difficulties are said to be due to the failure of two Wellsville concerns, the Pioneer Pottery company and the Buckeye brick works, in which he was interested.

THE RAILROAD ORDINANCE

The terms of the railroad ordinance, as finally passed, are as follows:

Section 1—The railroad company is granted the right to lay and operate one track in addition to those existing in 1902, except on the Horn switch and Second street at its junction with Broadway.

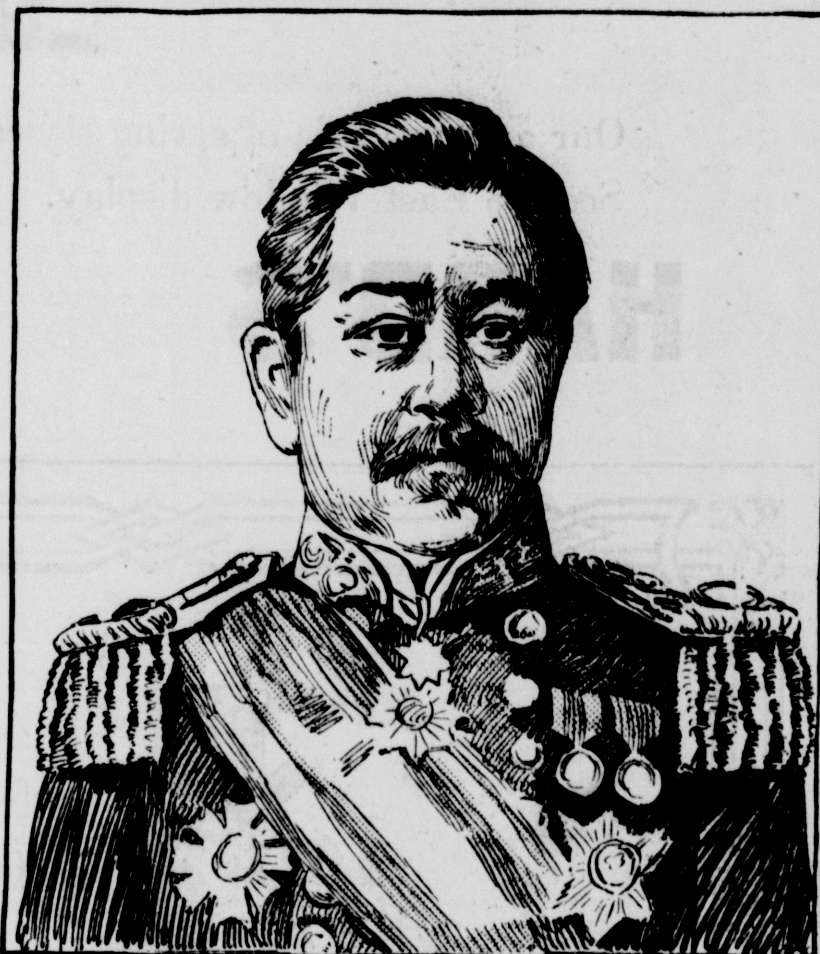

Section 2—All tracks designated in the ordinance are to be laid on property of the railroad company.

Section 3—Ralston's crossing shall be vacated and the company shall construct an underground crossing in its stead and establish a 16 foot road at that point.

Section 4—The company shall dedicate to the city 20 feet of lot 392 and vacate it, together with a row of 12 lots formerly owned by the Puritan Land company; also the alley between

lots 4389 and 4390 shall be vacated to St. George street, provided the company constructs a brick depot valued at \$5,000.

Section 5—The company shall maintain all existing street and alley crossings and shall maintain a crossing at either Virginia avenue or Central avenue and also at Elizabeth street, when council deems necessary; the company shall provide a flagman at East and West Market streets on hill track; shall light all street and alley crossings; shall remove on six months' notice the side tracks at foot of Broadway; shall hold city harmless from damages that may arise from injury by reason of the ordinance; shall pave all driveways in the lower yards; shall erect a freight depot at or near what is known as the Horn switch when public necessity requires it.

VICE ADMIRAL ITO, OF JAPAN.

Vice Admiral Ito is one of the most popular men in Japan. A short time before the opening of hostilities he disappeared, and at the same time several warships of the Japanese navy are said to have left Nagasaki. Since then nothing has been heard of him, and there is a theory that he is hunting the powerful Vladivostok cruiser squadron. Ito was the hero of the Yalu river sea fight during the Chino-Japanese war, being in command of the fleet which put practically all the Chinese vessels engaged out of commission. He is 60 years of age.

DASH TO DEATH FOR THE HORSE

And Its Owner Only Escaped
Death by Catching Hold
of a Tree.

A TERRIBLE EXPERIENCE

H. R. Dawson, of Smith's Ferry, the well known mail carrier of rural route No. 2, was in the city yesterday and reported a most harrowing experience in which he came near losing his life and in which one of his most valuable horses was killed.

Mr. Dawson was hauling wood on a sled from a very high hill near his home, and after loading the sled started on the downward trip, when to his terror the horse attached to the sled started to slip toward an embankment.

Notwithstanding his strenuous efforts to prevent the sliding the horse and sled kept slowly but surely edging toward the brink, the horse being unable to catch hold on the icy ground and finally dashed over the precipice to the bottom of the gully, at least 100 feet below. The horse was killed instantly. Mr. Dawson escaped by grasping the roof of a small tree not more than two feet from the brink.

PURCHASED A PAPER

And Will Take a Hand in Politics
Where the Game Is a
Lively One.

Earl W. Mauck, employed here until a few weeks ago as a reporter, has purchased a newspaper at Gallipolis, his former home, and will not return to East Liverpool. This turn of events was brought about suddenly by a political exigency and will be a surprise to his many friends here, who will regret that he is not to return.

Mr. Mauck is congressional committee man from Gallia county and was called to Portsmouth by wire to attend a meeting of that body. It seems that a political insurrection had arisen in his own county and that a prominent politician had gained control of the county committee and induced himself for congress. The politicians with whom Mr. Mauck had been closely allied had another candidate, who was thus put out of the running, a bitter fight ensuing. To carry on this fight a newspaper was purchased and Mr. Mauck was placed in editorial charge.

Examining Engineers.

Lisbon, February 24.—(Special.)—J. A. Manning, of Ashtabula, state examiner of stationery engineers, was here today and granted an original license to Frank Culbers, of this city. There was one renewal also. Mr. Manning went to East Palestine this afternoon.

STREET RAILWAY AGAIN ATTACKED

Councilmen Had Hard Words to
Say Against the Way
It Is Run.

MATTER ENDS IN TALK

General Manager Healy, of the East Liverpool Railway company, got his bumps again at the hands of council last evening. The members were worked up to a high pitch and talked nothing but "make him comply with every portion of his franchise, or revoke it." The heated discussion was caused by the broaching of the question as to whether or not he could be compelled to pay license for operating cars in the city.

Mr. Cannon, who has had a crow to pick with the manager ever since he ascended into the realms of councilmanic circles, did not fail to give vent to his feelings. He was positive that flagrant violations of the franchise under which the railway operates are being committed daily and he wanted to know why the solicitor had not commenced proceedings to revoke the rights of the company. Mr. Cannon cited the failure of the company to build certain extensions and to comply with the fender ordinance.

Solicitor Davidson stated that he did not know that council had ordered him to commence proceedings of this nature and conservatively warned council to desist from any hasty act. He explained that while he felt positive that the company is not living completely up to the franchise, it might be a hard matter to prove the violations. He said that in his opinion no money could be collected from the company as a license, because the ordinance imposing the license was passed after the original franchise was granted the company.

One member thought the ordinance would be effective because the company received a second franchise after the license ordinance was passed. It was explained, though, that the new franchise was so written as to exclude every provision that was not in the original grant. Regarding the fenders the solicitor stated that the company avers that it has complied with the ordinance, and notwithstanding that he knew and everybody else knows they are farces, he did not believe there was any ground for action from that standpoint.

Nearly every member had something to say concerning the company, but as upon numberless previous occasions, nothing was achieved, action being deferred.

Decision Reserved.
Justice Pugh reserved his decision in the case of Mrs. Fleisch until 12 o'clock tomorrow.

QUICK ACTION ON BUSINESS

Various Questions of Public Interest Presented to the City Council.

MATTER OF FIRE LIMITS

The Subject of a Communication from the Mayor—Committee Appointed. Public Library Must Have Money or Close Up.

Disposing of the railroad ordinance council last evening took quick action on everything else that was presented. The wine room ordinance was discussed, but the ordinance committee having failed to report on it, the measure was tabled until the next meeting when definite action will likely be taken on it. Mr. Johnston stated that he would be sure to have the ordinance ready for council and gave as his reason for non-action that he and Mr. Moon could not get together. Mr. Moon blamed it all on Mr. Johnston and for a few minutes things looked much as if a duel was imminent, but both have families and they agreed to disagree without a commotion.

Mr. Bullock was interested in the ordinance and he asked that the president demand a copy to be given to each member. President Horwell thought it a good idea, and said he thought every ordinance should be handed to members of council so they could have a fair idea of its contents before taking action. This plan is in force in almost every other city and was favored by the councilmen, but it was decided that the work would be a little strenuous and when Mr. Bullock agreed to get a sufficient number of copies of the wine room ordinance from the local papers, it was decided not to pass the resolution making it compulsory for the solicitor to prepare seven transcripts of ordinances in the future.

Mr. Bullock reported progress on the vehicle ordinance and then the city clerk read the following communication from the mayor:

"Inasmuch as there comes a time in every growing city when there must be some building restrictions I would most earnestly and respectfully urge upon you the necessity of some legislation defining the limits and character of the frame or wooden building that may be erected within our main business center. Trusting this matter may engage your earliest attention, etc."

Council considered the suggestion of the mayor a timely one and a motion was passed instructing the president to appoint a committee to investigate the question and report at the next meeting. The committee is composed of Bullock, Moon and Cannon. Council will have the support of the board of public safety in this question, it having emanated from that body. In another communication the mayor made a second valuable suggestion. The communication reads:

"Gentlemen of the City Council: I would further recommend to the consideration of your honorable body for the purpose of increasing the revenues of the city, a revision of the chapter on licenses, increasing such as are manifestly too low and adding thereto a tax on such business and occupations and holdings as are authorized by the new municipal code. I would particularly mention bowling alleys, shooting galleries, stock exchanges, etc. Prompt action in this direction would certainly be commendable."

The councilmen did not express themselves on this communication, but a committee composed of Johnston, Barlow and Croxall was appointed to report on it at the next meeting.

After presenting the following communication Attorney G. Y. Travis explained that unless council acted as requested that the library would close in a short time, so as to avert any such condition Mr. Bullock had the matter referred to the finance committee:

"Gentlemen—Of the one hundred dollars appropriated by you to heat the Carnegie library from January 1 to July 1, 1904, there remains but \$12.49 after the payment of our gas bill to February 19, 1904:

"To keep the library properly heated until warm weather will require an additional appropriation of at least \$100 and we would respectfully request that you take the proper steps to make us an additional appropriation of the amount named for our heating fund."

A YOUNG MAN ACCUSED OF BEING A DEFAULTER

of His Employers'
Money.

HIS SISTER-IN-LAW HAD TO MAKE GOOD

Misplacing confidence in her brother-in-law resulted in the loss of over \$100 to Miss Anna Ball, a highly respected young pottery girl of this city. The person who, it is alleged, victimized her is Bert Wilbur, who married her sister in November, 1903. Wilbur is now declared a defaulter and an attempt is being made to locate him.

Wilbur, according to report, came to this city about a year ago and after marrying he started to work for the Chicago Copy company, of Chicago, as a solicitor. He prospered while working in that capacity and finally the company decided to give the position of collector to him. But before doing so he was asked for a bond of \$500. This bond was signed by Miss Ball, who was glad to do anything that

might help her sister and likewise the man. Wilbur commenced collecting for the company about a month ago and two weeks ago the company, it is said, discovered that he was over \$100 short in his accounts and demanded the entire amount. He did not have the money and Miss Ball, his surety, was made to pay the amount. She reluctantly paid, but not until she was released from the bond.

Wilbur left the city shortly after his shortage was reported and has not been heard from since. "Squire Rose received a letter this morning from the company stating that Wilbur had stolen \$140, besides the first amount, and an effort will be made to arrest him.

The money Miss Ball was compelled to pay to the company was a part of her hard-earned savings.

made by the trustees of Thompson park and though council would favor granting it there is no money on hands and it was simply referred to the finance committee. The request was as follows:

"Gentlemen—Owing to the inadequacy of the levy and appropriation made by your honorable body to meet the expenses found necessary in the support of the Thompson park, the park commission finds it necessary to petition you to make a separate appropriation from the general fund to meet the following items which are for labor and supplies contracted for in 1903 and not yet paid. The items follow:

Thomas McCarty, superintendent, balance for 1903.....	\$191.00
A. Cook, laborer.....	50.10
S. Gorrell, labor and team.....	6.25
Smith Hardware Co., supplies.....	39.65
Milligan Hardware & Supply Co., supplies.....	4.16
J. T. Smith Lumber Co., supplies.....	3.55
Total.....	\$285.71

"The people to whom these bills are due have been unpaid for several months now and have been expecting to have some arrangement made whereby they can be paid.

"The park commission, therefore, requests your honorable body to make provision for the liquidation of these accounts at your meeting this evening."

Suit for Medical Services.

Lisbon, February 24.—(Special.)—John B. Morgan, of Leetonia, as administrator of the estate of Jacob Burger, deceased, has brought suit in common pleas court here against Charles Zimmerman, asking judgment for \$466.14. The amount is alleged to be due for medical services rendered the defendant by the deceased, Jacob Burger. An itemized account is attached to the petition.

THE WORLD'S CHAMPIONSHIP

Another world's record was broken last night when Miss Annie Ward, of Wellsville and Prof. Joseph Cassidy, of this city, performed the remarkable feat of waltzing continuously for six hours and five minutes. The contest had been advertised to take place at Columbian park dance hall and while the competitors were few, there was no lack of interest among the large number of young people who attend these contests. Charles Shenkle was the pianist and won distinction by his endurance, playing throughout the entire six hours without a moment's pause. Miss Stella Munsey, of this city, and Charles Morgan, of Wellsville, entered the contest with Prof. Cassidy and his partner, but were compelled to give up the race it.

Columbus, February 24.—(Special.)—The report which reached the state capital to the effect that the Eighteenth district delegation would give Hon. James G. Had there been a free-for-all fight Mr. Grant and also other prominent Eighteenth district Republicans might have received complimentary votes for senator; but under the circumstances it was very apparent the story had no foundation in fact. The entire delegation practically has already pledged itself for Dick.

Mr. Crist, of Columbiana, who signed the Dick petition yesterday, was assured that practically 95 per cent of Columbiana county favored Dick for senator.

The person who, it is alleged, victimized her is Bert Wilbur, who married her sister in November, 1903. Wilbur is now declared a defaulter and an attempt is being made to locate him.

Wilbur, according to report, came to this city about a year ago and after marrying he started to work for the Chicago Copy company, of Chicago, as a solicitor. He prospered while working in that capacity and finally the company decided to give the position of collector to him. But before doing so he was asked for a bond of \$500. This bond was signed by Miss Ball, who was glad to do anything that

made by the trustees of Thompson park and though council would favor granting it there is no money on hands and it was simply referred to the finance committee. The request was as follows:

"Gentlemen—Owing to the inadequacy of the levy and appropriation made by your honorable body to meet the expenses found necessary in the support of the Thompson park, the park commission finds it necessary to petition you to make a separate appropriation from the general fund to meet the following items which are for labor and supplies contracted for in 1903 and not yet paid. The items follow:

Thomas McCarty, superintendent, balance for 1903.....	\$191 00
A. Cook, laborer.....	50 10
S. Gorrell, labor and team....	6 25
Smith Hardware Co., supplies..	30 65
Milligan Hardware & Supply Co., supplies.....	4 16
J. T. Smith Lumber Co., supplies.....	3 55
Total.....	\$285 71

"The people to whom these bills are due have been unpaid for several months now and have been expecting to have some arrangement made whereby they can be paid."

"The park commission, therefore, requests your honorable body to make provision for the liquidation of these accounts at your meeting this evening."

THE WORLD'S CHAMPIONSHIP

Another world's record was broken last night when Miss Annie Ward, of Wellsville and Prof. Joseph Cassidy, of this city, performed the remarkable feat of waltzing continuously for six hours and five minutes.

The contest had been advertised to take place at Columbian park dance hall and while the competitors were few, there was no lack of interest among the large number of young people who attend these contests. Charles Shenkle was the pianist and won distinction by his endurance, playing throughout the entire six hours without a moment's pause. Miss Stella Munsey, of this city, and Charles Morgan, of Wellsville, entered the contest with Prof. Cassidy and his partner, but were compelled to give up the race

might help her sister and likewise the man.

Wilbur commenced collecting for the company about a month ago and two weeks ago the company, it is said, discovered that he was over \$100 short in his accounts and demanded the entire amount. He did not have the money and Miss Ball, his surety, was made to pay the amount. She reluctantly paid, but not until she was released from the bond.

Wilbur left the city shortly after his shortage was reported and has not been heard from since. 'Squire Rose received a letter this morning from the company stating that Wilbur had stolen \$140, besides the first amount, and an effort will be made to arrest him.

The money Miss Ball was compelled to pay to the company was a part of her hard-earned savings.

St. Petersburg, February 24.—(Special.)—Official dispatches from Port Arthur today are to the effect that the Japs lost four battleships and two transports in a fresh attack on Port Arthur. The attack was repulsed.

Paris, February 24.—(Special.)—Japan has negotiated a treaty with the Korean government, guaranteeing the independence and integrity of Korea. Diplomats here say that the treaty will be of no effect, having been executed while Korea was under duress.

TRACKS BLOCKED

By a Landslide at Smith's Ferry and
Trains Were Sadly
Delayed.

Traffic on the C. & P. between Rochester and this city was practically at a standstill from an early hour last evening until after 8 o'clock this morning. The recent high water and the rains of the last few days caused a slip at Cook's Ferry and the tracks were impassable all night.

The midnight train did not get through until after 7 o'clock this morning, and then it carried the baggage, express and passengers booked for the regular west bound morning train.

Suit for Medical Services.

Lisbon, February 24.—(Special.)—John B. Morgan, of Leetonia, as administrator of the estate of Jacob Burger, deceased, has brought suit in common pleas court here against Charles Zimmerman, asking judgment for \$466.14. The amount is alleged to be due for medical services rendered the defendant by the deceased, Jacob Burger. An itemized account is attached to the petition.

Among the Potteries and Allied Industries

TRENTON TRADE TOPICS.

Trenton, N. J., February 24.—(Special.)—Practically all the pottery companies in the city are members of the Manufacturers' and Employers' Association, recently formed. The association has these officers: President, Richard C. Oliphant; vice president, Alfred Lawshe, treasurer of the Trent Tile company; treasurer, Lewis Lawton.

The association embraces practically every line of industry in the city and its affairs will largely be directed by an advisory board composed of one member from each industry represented in the membership. The representative of the potteries on this board is John H. Maddock, of the John Maddock & Sons pottery.

Offices have been opened in the new Wilkinson building opposite the post office and Hugh W. Kelly, of the Trenton Times staff, has been engaged as secretary at a salary of \$1,600 per year. The association has for its object the mutual aid of its members in labor troubles and in other ways.

Incorporated February 16 with a capital of \$150,000, the Standard Lamp and Glass company has already commenced operations in the works of the Moses, Swan & McLewee company, which failed some time ago. The works are located on Perrine avenue. The new concern is making extensive improvements in the plant and will employ an increased number of hands. A specialty of the new company will be fine cut glass goods. The capital stock of the new concern is divided into 1,500 shares of \$100 each. John D. Boyd holds 400 shares, Holmes S. Green, 335 shares and Edward B. Fulper 50 shares.

The new corporation is a rehabilitation of the John D. Boyd company, which has been manufacturing lamps here for several years. The Boyd company made a deal with the receivers of the Moses, Swan & McLewee company by which the failed factory came into the possession of the first named firm, the Boyd company assuming mortgages of \$16,000 against the property. Then when the Standard Lamp & Glass company was formed the property was transferred to it. The new company has organized by electing Mr. Fulper president, Mr. Green vice president and Mr. Boyd, secretary and treasurer. Mr. Fulper, the

new member of the firm, was formerly local manager for the Standard Oil company. The company will manufacture a full line of lamps, porcelain and cut glass.

Four local unions of the National Brotherhood of Operative Potters have voted in the affirmative on the proposition to change the annual convention of the Brotherhood from May to July. It is practically certain that the other unions will also favor the change, and it is believed here that the date will be changed. The convention will be held in this city and the date as now set is Monday, May 2. The proposed new date is July 11.

In a recent contest the Delaware pottery teams made some high scores on the Hughes alleys.

J. W. Wigley, the well known decorator and cricket player, is one of the star bowlers of the city.

In a four frame game between teams captained respectively by Isaac Swope and Harry Swope, the former scored 2,912 and the last mentioned run up 2,753.

Bowling is more popular than ever here this winter and prominent among the crack bowling teams of the city are several pottery aggregations. The foremost of these is the team of the Trenton Potteries company. This includes John A. Campbell, general manager of the company; William H. Crozier, a superintendent; William H. Skirm and several others. Some of the others are the Delaware pottery and the Maddock Pottery company teams.

FOWLER HERE.

Vice President Fowler, of the Union Potteries company, was in the city yesterday and conferred with Manager Joseph Manor, of the Union plant here, and other stockholders of the company. Those interested state there is nothing to give out at present concerning the company's affairs, but it seems to be understood that the continuation of work at the Union depends upon the formation of another company without Mr. Moreland, the principal stockholder. The engines at the plant were stopped yesterday for the first time since the order to close was issued, very little work remaining to be done.

ENJOYABLE SOCIAL.

The members of local No. 32 never enjoyed an evening more than they did last night at their social and entertainment, given in their new quarters in the Opera house building. Preparations for the event having been going on for two weeks and every detail had been perfected. There were games and all sorts of amusements and several brief talks from leading members. Refreshments were served towards the close of the evening.

els for which were designed some time ago by Modeler Beatty. The dinner set has been named the "Mabel," and it is said to be one of the neatest designs ever made here. It is now coming through the clay shops and the workmen are very much pleased with it. The toilet set is also very artistic and is meeting with great favor. The toilet is now being made and sold, but it will be several weeks before the dinner set is ready for the market. Work at the Hall plant has been fairly good lately with the prospect of an immediate improvement.

MORE PRINTING.

Local printers are witnessing evidence every day of the return to popularity of hand printing and are rejoicing over the prospect of a general return to its use and the wane of dcalcomania. Recently several articles concerning the revival of hand printing have appeared in these columns, the facts being secured from local conditions. A visit among local plants shows that more printers are now at work than for many months in spite of the fact that trade has not been brisk. One of the East End plants is just finishing a large order of ware for which hand printing was specified and a down town plant has just commenced on an order for 5,000 dozen.

ROBERTS VERY SICK.

John Roberts, formerly manager of the decorating room of the William Brunt and Hall plants, continues seriously ill at his home on Fourth street. He is suffering with bronchitis and catarrh and his entire system has become affected, greatly weakening him. He has been confined to his home since the middle of last December, but expects to recuperate rapidly with the return of warm weather. He states that upon his recovery he will engage in some other line of business.

CONTRACTS AWARDED.

The Stratton Fire Clay company, of Empire, have been awarded the contract for furnishing sewer pipe for the Wheeling street improvements. The Globe Fire Brick company, represented by John Porter, was awarded the brick contract. Half a million or more brick will be required.

DYKE CHANGES.

Otto Dyke, a well known and popular young warehouseman, who has been at the Union for a number of months, has resigned to accept a similar position at the Standard. He made the change after it became apparent that the Union plant would close.

WILKS LAID OFF.

George Wilks, a batterout at the Hall China company, was compelled to leave his work yesterday on account of sickness. Some time ago he had a tooth extracted and complications resulted, causing much pain and annoyance.

AT WORK AGAIN.

William Gould, who has been ill for several weeks with typhoid fever, has entirely recovered. He resumed his position as sticker-up at the Edwin M. Knowles plant yesterday.

POTTERY NOTES.

Fred Goppert, formerly a jiggerman at the Union, is helping out there as a warehouseman.

William Hollingshead was helping out yesterday in the glost crew at the Hall China company.

William Ammon, oddman at the Union when the plant closed, has taken a similar position at the Severs.

The glost kilnmen at the Union took the day yesterday. There remains two kilns of glost to be placed at the plant.

EAST END PASSENGER STATION WILL BE BUILT

MUCH SATISFACTION OVER PASSAGE OF ORDINANCE.

The Railroad Company Owns Site for Depot Opposite the Laughlin Pottery.

In no section of the city is there more satisfaction over the passage of the railroad ordinance last night by the city council than in the East End. The ordinance carries with it the construction of a brick passenger station, an improvement so long needed in the East End and means a great deal to general business interests. The railroad company has already acquired the real estate on which to locate the station, and although no time for its construction is specified there is no doubt but that the company will be prompt in carrying out its part of the program.

The site secured for the station is just opposite the old National China company plant, known as Laughlin No. 1. The property consists of eight lots, each 30x110 feet, and extending through from Railroad to St. George street. It is specified in the ordinance that the station shall be built of brick and it can be taken for granted that in building such a structure the company will make it suitable and ample in dimensions for years to come.

All the grading work for the additional track, which the company will now be permitted to construct, has been completed except on city property. Very little work will be necessary for laying the tracks across the street intersections, as the material is already on the ground.

Reading Club Entertained.
The Ceramic City Reading club was pleasantly entertained last night by Mr. and Mrs. John G. Smith, of Pennsylvania avenue. The members enjoyed a debate upon the question, "Resolved, that a Literary Education is More Beneficial to a Woman Than Domestic Training," the affirmative side being supported by Mrs. J. A. Goode and Miss Mabel Wilcoxen and the negative by Miss Alice Minnis and William Blackburn. The judges decided for the negative. Among other entertaining features were musical selections by Mrs. George Webb and Miss Alice Minnis and recitations by Misses Smiley and Simms. Refreshments were served at the close of the program.

First Service Tonight.
The first of the revival meetings at the Second Presbyterian church tonight. The meeting will be conducted by the pastor, Rev. N. M. Crowe. The annual missionary praise service will be held tomorrow night in this church and not in the Second U. P. church, as announced in another paper.

Wrong Again.
The report in a morning paper that Hilda, the 14-year-old daughter of Mr. and Mrs. William Greer, of the Klondike, had been killed by a passenger train at Sebring, proved to be untrue upon investigation. Inquiries at Sebring this morning proved that no such tragedy had occurred there.

Grays Will Meet.
A meeting of the East End Grays base ball club has been called for next Friday night, at the home of the secretary, Charles Walker, Mulberry street. The members will make a selection of uniforms at the meeting and transact other business.

EAST END AFFAIRS.

DOUBLE TRACK TO SUMMITVILLE

Work on C. & P. Improvements Near Salineville Will Be Pushed.

Salineville, February 24.—Work on the C. & P. double track near Salineville will be lively from now on, as it is expected that trains will be running over both tracks by June 1. The stupendous work of ballasting the new track will be actively pushed to an early completion. Already two temporary side tracks have been laid to store ballast to be distributed along the line. One track is located a short distance above the depot and another near what is known as the A. G. Maple farm. As fast as the ballast can be procured and distributed along the line parts of the road will be put in shape.

About all the track between this point and Summitville will be moved, so that practically a new road bed must be made for the two tracks. Work is somewhat behind east of town and it will hurry the contractors to get the job completed before June. It was generally thought that the deep cut at Summitville would be about the last point along the line to be completed, but since that part of the work has been practically accomplished things look favorable for opening up the tracks at the allotted time.

CATARRH THIRTY YEARS.

The Remarkable Experience of a Prominent Statesman—Congressman Meekison Gives Pe-ru-na a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State. Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue. He writes:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

SALINEVILLE

Salineville, February 24.—(Special.)—The People's Banking company opened its doors to the public yesterday morning and Salineville now has two banking houses. George C. Lowary, formerly of the People's bank, of Wellsville, cashier; John S. McLean, of Steubenville, bookkeeper, and James H. Dodds, president.

The remains of Miss Ina McKenzie, of Alliance, arrived here yesterday on the eastbound train. She died at her home in Alliance from lung trouble Saturday. Funeral services were held in the Christian church and were conducted by A. W. Myers. Interment was made in Woodlawn cemetery. She was a niece of John McDaniel, of Chester, W. Va.

The spring township and borough primaries will be held in March in Salineville and Highlandtown. One trustee, assessor and township clerk, two members of the school board and three councilmen will be nominated.

Saturday was pay day for the men employed by C. A. Sims & Co. and several hundred were paid off here. This is probably the last big pay that will be distributed here, as the work north of town has been almost completed. The men were busy Saturday evening and Monday obtaining money orders at the postoffice, sending their wages back to their native land.

This is examination week in the public schools and the children are not all pleased. The higher rooms will be in session but half a day this week.

The Masonic lodge of Hanoverton has invited the Masonic brethren of Salineville to meet with the Sandy Valley lodge Friday evening, February 26, to confer degrees on several candidates. A number from Salineville will attend the joint session.

The mines in town were practically idle two and one-half days recently. The men did not go to work for the half day Friday and Saturday was a poor day, while Monday was a legal holiday.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO. Toledo O. HANNA'S WILL FILED

Ohio Senator Leaves His Entire Fortune to Wife and Children.

LAST LETTER TO ROOSEVELT

Mrs. Hanna Directs Publication of Correspondence Showing That Deep Friendship Existed Between the President and the Ohio Statesman.

Cleveland, Feb. 24.—By the will of the late Senator Marcus Alonzo Hanna, an estate valued at about \$3,000,000 is left to the family. The principal beneficiaries are the widow, Mrs. Charlotte Augusta Hanna; the son, Daniel Rhodes Hanna; the two daughters, Mabel Augusta Hanna Parsons and Mrs. Ruth McCormick wife of Medill McCormick of Chicago.

A sister, Lillian C. Hanna Baldwin, is given \$10,000. An aunt, Mrs. Helen Converse, is given \$1,000 and each of the grandchildren \$5,000 each. The widow is given the homestead property, all its furnishings, the stables and the library in lieu of one-year's support.

Several years ago Senator Hanna took out considerable life insurance for the benefit of his three children. The will provides that these gifts are not to be taken into consideration in the settlement of the estate.

The estate in main is to be divided into three equal parts. The first third was left to Mrs. Hanna, to remain as her own during her natural life and at her death to be disposed of by the trustees. The remaining two-thirds is to be then divided into three equal parts and divided among the three children, share and share alike. But the shares are to be held in trust for the children by the trustees, who will conduct the affairs of each and give them the income from each part.

Wants Partnerships Continued.
In the event of the death of the two daughters and that they have no children then one-fourth of their shares is to be given to their husbands and the remaining three-fourths are to revert to Mrs. Hanna and her son Daniel.

It was the desire of Senator Hanna that all partnerships in which he was interested during his life should be continued the same as if he were still alive. In addition to this, however, he delegates power to the trustees to terminate such partnerships at any time they desired, if in their judgment such a step is considered best.

Washington, Feb. 24.—Senator Hanna's last written words were in the form of a pathetic letter to President Roosevelt in which he acknowledged, in a way quite characteristic, the president's thoughtfulness in calling at his hotel to inquire about the senator's condition. The letter was written by the senator on the afternoon of February 5 and was the last business of any kind transacted by him.

Elmer C. Dover, Senator Hanna's secretary, was requested by Mrs. Hanna to give the last letter of Senator Hanna to the public. Mr. Dover says that early in the afternoon of the day the letter was written he was called to the senator's bedside to take up some business matters with him. Mr. Dover informed the senator that President Roosevelt had called to inquire about his condition.

Grateful for a Friendly Call.
"Wasn't that nice of him?" whispered Senator Hanna; "wasn't that good."

Later the senator expressed his deep appreciation of the president's courtesy and a little while afterward called for pencil and paper and wrote the following:

"Mr. Dear Mr. President: You touched a tender spot, old man, when you called personally to inquire after me this a. m. May be worse before I can be better, but all the same such 'drops' of kindness are good for a fellow. Sincerely yours, 'M. A. HANNA.'"

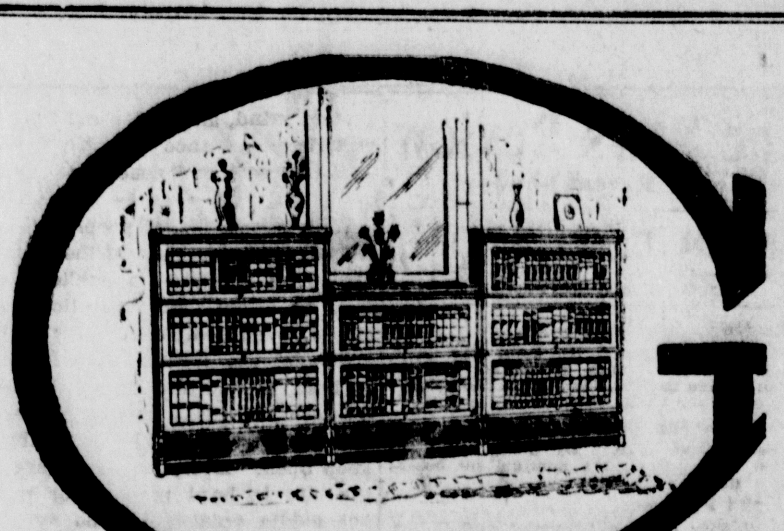

Next day a reply was received from the president with a note stating that it was to be shown to the senator when Mrs. Hanna thought best. Senator Hanna never saw the reply, which was as follows:

"February 6th, 1904.
"Dear Senator: Indeed, it is your letter from your sick bed which is touching—not my visit. May you very soon be with us again, old fellow, as strong in body and as vigorous in your leadership and your friendship as ever. Faithfully yours, 'THEODORE ROOSEVELT.'"

MURDERER IS HANGED IN UTTER DARKNESS
Butte, Montana, Feb. 24.—James Martin was hanged for the murder of J. R. Williams at Silverbow junction in May, 1902. The hanging took place in utter darkness and the only indication that the trap was sprung was the thud. Martin's only words on the scaffold were: "Good bye, God bless you."

116th Death at Butler.
Butler, Pa., Feb. 24.—Catherine Campbell, a negro, is dead of typhoid fever. The total number of deaths from fever is now 116.

Populist Factions Finally Agree.
St. Louis, Feb. 24.—The national committees of the fusion and middle of the road wings of the Populist party have decided to hold a joint national convention in Springfield, Ill., on July 4.

Salineville, February 24.—Work on the C. & P. double track near Salineville will be lively from now on, as it is expected that trains will be running over both tracks by June 1. The stupendous work of ballasting up the new track will be actively pushed to an early completion. Already two temporary side tracks have been laid to store ballast to be distributed along the line. One track is located a short distance above the depot and another near what is known as the A. G. Maple farm. As fast as the ballast can be procured and distributed along the line parts of the road will be put in shape.

About all the track between this point and Summitville will be moved, so that practically a new road bed must be made for the two tracks. Work is somewhat behind east of town and it will hurry the contractors to get the job completed before June. It was generally thought that the deep cut at Summitville would be about the last point along the line to be completed, but since that part of the work has been practically accomplished things look favorable for opening up the tracks at the allotted time.

CATARRH THIRTY YEARS.

The Remarkable Experience of a Prominent Statesman—Congressman Meekison Gives Peruna a High Endorsement.

Congressman Meekison of Ohio.

Hon. David Meekison is well known not only in his own State, but throughout America. He was elected to the Fifty-fifth Congress by a very large majority, and is the acknowledged leader of his party in his section of the State. Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessful warfare against this personal enemy. At last Peruna came to the rescue. He writes: "I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing."—David Meekison, Member of Congress.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

SALINEVILLE

Salineville, February 24.—(Special.)—The People's Banking company opened its doors to the public yesterday morning and Salineville now has two banking houses. George C. Lowry, formerly of the People's bank, of Wellsville, cashier; John S. McLean, of Steubenville, bookkeeper, and James H. Dodds, president.

The remains of Miss Ina McKenzie, of Alliance, arrived here yesterday on the eastbound train. She died at her home in Alliance from lung trouble Saturday. Funeral services were held in the Christian church and were conducted by A. W. Myers. Interment was made in Woodlawn cemetery. She was a niece of John McDaniel, of Chester, Va.

The spring township and borough primaries will be held in March in Salineville and Highlandtown. One trustee, assessor and township clerk, two members of the school board and three councilmen will be nominated.

Saturday was pay day for the men employed by C. A. Sims & Co. and several hundred were paid off here. This is probably the last big pay that will be distributed here, as the work north of town has been almost completed. The men were busy Saturday evening and Monday obtaining money orders at the postoffice, sending their wages back to their native land.

This is examination week in the public schools and the children are not all pleased. The higher rooms will be in session but half a day this week. The Masonic lodge of Hanoverton has invited the Masonic brethren of Salineville to meet with the Sandy Valley lodge Friday evening, February 26, to confer degrees on several candidates. A number from Salineville will attend the joint session.

The mines in town were practically idle two and one-half days recently. The men did not go to work for the half day Friday and Saturday was a poor day, while Monday was a legal holiday.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. HANNA'S WILL FILED

Ohio Senator Leaves His Entire Fortune to Wife and Children.

LAST LETTER TO ROOSEVELT

Mrs. Hanna Directs Publication of Correspondence Showing That Deep Friendship Existed Between the President and the Ohio Statesman.

Cleveland, Feb. 24.—By the will of the late Senator Marcus Alonzo Hanna, an estate valued at about \$3,000,000 is left to the family. The principal beneficiaries are the widow, Mrs. Charlotte Augusta Hanna; the son, Daniel Rhodes Hanna; the two daughters, Mabel Augusta Hanna Parsons and Mrs. Ruth McCormick wife of Medill McCormick of Chicago.

A sister, Lillian C. Hanna Baldwin, is given \$10,000. An aunt, Mrs. Helen Converse, is given \$1,000 and each of the grandchildren \$5,000 each. The widow is given the homestead property, all its furnishings, the stables and the library in lieu of one-year's support.

Several years ago Senator Hanna took out considerable life insurance for the benefit of his three children. The will provides that these gifts are not to be taken into consideration in the settlement of the estate.

The estate in main is to be divided into three equal parts. The first third was left to Mrs. Hanna, to remain as her own during her natural life and at her death to be disposed of by the trustees. The remaining two-thirds is to be divided into three equal parts and divided among the three children, share and share alike. But the shares are to be held in trust for the children by the trustees, who will conduct the affairs of each and give them the income from each part.

Wants Partnerships Continued.
In the event of the death of the two daughters and that they have no children then one-fourth of their shares is to be given to their husbands and the remaining three-fourths are to revert to Mrs. Hanna and her son Daniel.

It was the desire of Senator Hanna that all partnerships in which he was interested during his life should be continued the same as if he were still alive. In addition to this, however, he delegates power to the trustees to terminate such partnerships at any time they desired, if in their judgment such a step is considered best.

Washington, Feb. 24.—Senator Hanna's last written words were in the form of a pathetic letter to President Roosevelt in which he acknowledged, in a way quite characteristic, the president's thoughtfulness in calling at his hotel to inquire about the senator's condition. The letter was written by the senator on the afternoon of February 5 and was the last business of any kind transacted by him.

Elmer C. Dover, Senator Hanna's secretary, was requested by Mrs. Hanna to give the last letter of Senator Hanna to the public. Mr. Dover says that early in the afternoon of the day the letter was written he was called to the senator's bedside to take up some business matters with him. Mr. Dover informed the senator that President Roosevelt had called to inquire about his condition.

Grateful for a Friendly Call.
"Wasn't that nice of him?" whispered Senator Hanna; "wasn't that good."

Later the senator expressed his deep appreciation of the president's courtesy and a little while afterward called for pencil and paper and wrote the following:

"Mr. Dear Mr. President: You touched a tender spot, old man, when you called personally to inquire after me this a. m. May be worse before I can be better, but all the same such 'drops' of kindness are good for a fellow."
"Sincerely yours,"
"M. A. HANNA."

Next day a reply was received from the president with a note stating that it was to be shown to the senator when Mrs. Hanna thought best. Senator Hanna never saw the reply, which was as follows:

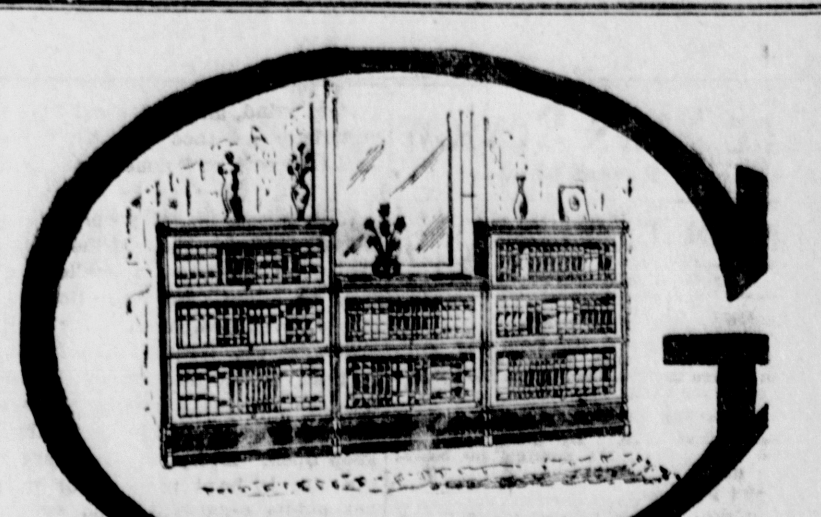

"February 6th, 1904.
"Dear Senator: Indeed, it is your letter from your sick bed which is touching—not my visit. May you very soon be with us again, old fellow, as strong in body and as vigorous in your leadership and your friendship as ever."
"THEODORE ROOSEVELT."

MURDERER IS HANGED

IN UTTER DARKNESS
Butte, Montana, Feb. 24.—James Martin was hanged for the murder of J. R. Williams at Silverbow junction in May, 1902. The hanging took place in utter darkness and the only indication that the trap was sprung was the thud. Martin's only words on the scaffold were: "Good bye, God bless you."

116th Death at Butler.
Butler, Pa., Feb. 24.—Catherine Campbell, a negroess, is dead of typhoid fever. The total number of deaths from fever is now 116.

Populist Factions Finally Agree.
St. Louis, Feb. 24.—The national committees of the fusion and middle of the road wings of the Populist party have decided to hold a joint national convention in Springfield, Ill., on July 4.

WEDNESDAY, FEBRUARY 24, 1904.

In common with all who have the best interests of the city at heart the News Review is glad that the railroad ordinance has passed and that the improvements which mean so much to the business interests of East Liverpool can now be pushed to completion. Through needless prolonged bickering and dickering—partly on the side of the railway company and partly on the side of the city council—the improvements have been unnecessarily delayed, and East Liverpool, the most important city on the line of the C. & P. railroad between Pittsburgh and Cleveland, instead of being the first point where double track is put in use, will probably be about the last one. What the city has lost through the delay is forcibly pointed out by W. E. Wells in an interview elsewhere printed. The merits of the controversy are familiar to the public and need not be entered upon here. The city council and the business men of East Liverpool are satisfied that the best bargain that could be made has been made with the railroad company. Let it go at that and let bygones be bygones. The News Review is glad to say that, in urging action on this important question, it believes it has been championing the cause of the people. It has never made an attempt to fight the battles of the railroad company and has never said one word that could be construed as espousing that corporation's side of the questions at issue. The railroad company is entirely competent to look after its own interests, and even if it were not the News Review would be the last one in East Liverpool to assist it. We have urged action, and if we have had a part in bringing to an end an unnecessarily prolonged controversy, we are well satisfied. The settlement of the matter is regarded as satisfactory by all reasonable people who have no

axes to grind, and in a short time will materially advance the city's industrial interests and general prosperity.

With thousands of people as regular patrons and readers at the Carnegie library, it would be a public misfortune to allow that institution to be closed, even temporarily, for lack of a few dollars. Council should promptly heed the notification of the library trustees and make arrangements that will enable this noble institution to keep open. Everybody is aware that the city is hard pressed for money, but public opinion will no more tolerate the closing of the library than it would the closing of the public schools.

Anent the proposed abolition of spring elections, Gov. Herrick makes the excellent suggestion that if the legislature passes the bill. It should then submit the proposition to the electors of the state of amending the constitution so as to provide for only biennial state elections. That would separate state and municipal elections and dispose of the objection that municipal interests would be likely to suffer under the changed conditions of voting.

The spring elections are near, but the lack of interest in municipal politics in East Liverpool is something almost unprecedented. There are three councilmen to elect and minor offices to fill. Those interested in good municipal government—and the whole city should be so interested—ought to awaken and to move for the election of men whose support can be counted upon in its favor.

We hear less of the typhoid fever at Butler, Pa., than we did, but the germs the people of that city absorbed from contaminated water are still getting in their deadly work. The one hundred and sixteenth death from the fever has just been reported.

The Panama canal treaty was ratified by the senate by a vote of 66 to 14. Fourteen Democrats voted for ratification and 14 against. Gorman and Morgan have evidently been wasting their breath as well as the senate's time.

The mayor has brought the question of fire limits before the city council. It should be taken up and acted upon forthwith. The city cannot afford to wait for a destructive fire to teach it its plain duty.

Henry Watterson warns his readers that there is a Hearst barrel and that it has already been tapped in Kentucky. Henry is not familiar with the brand and naturally objects.

A Pittsburgh paper tells of five enterprising burglars who worked all night and were rewarded by net proceeds of \$8.50. Evidently one industry in the Smoky City is overworked.

Rubber With Life In It

When you buy anything in rubber goods it pays to get the kind with rubber in it. Many makers of rubber goods are pliant to the demand of cheapness, and hence the market is flooded with inferior goods that hardly resemble rubber.

Quality counts in this line, and we are careful to buy of makers who have a reputation for turning out high grade goods only. You can have confidence in the rubber goods we offer, no matter how low the price is.

Mr. Horton came to this county from Burslem, England, about 28 years ago, and settled in East Liverpool. He was a kilnhand by trade, having served his apprenticeship in the pottery districts of Great Britain. He was a good workman, and had a host of friends in this city. Arrangements have not been completed but it is likely the remains will be laid to rest at Sebring.

Franklin B. Reed.

Lisbon, February 24.—(Special).—Franklin Bennett Reed died at 11 o'clock last night at the home of his parents, Mr. and Mrs. K. B. Reed, in this city, after a brief illness with typhoid fever. He was in his sixteenth year, having been born in May, 1889. He had been employed for about a year in Tidd's tobacco store here. Funeral services will be held at the house tomorrow afternoon at 2 o'clock and interment will be made in the Lisbon cemetery.

David Lewis.

Lisbon, February 24.—(Special).—David Lewis, of East Liverpool, died in the country infirmary this morning of consumption. He was 49 years old, had been in the infirmary six months and is said to have been at one time a pottery employee. Supt. Riddle will notify the Liverpool township trustees, as it is not known at the infirmary whether the deceased had any relatives or friends in this county.

AT THE THEATER

The unmistakable marks of inspiration are apparent in Willard Spenser's musical score of "Miss Bob White." It is entirely devoid of that studied strain that pervades the conventional composer's works as exemplified in the modern, so-called "up-to-date" musical comedies. Simple in theme, yet sweet and melodious, it is within the ordinary understanding, and that is why it has become so universally popular. Mr. Spenser's libretto holds the same virtue as his score and the blending of the two constitutes a performance so clean, wholesome and so pure in every detail that it immediately recommends itself to everyone who appreciates the best in theatricals. It goes without saying that "Miss Bob White" will appeal to local theatre-goers to the very last man. The engagement here takes place on March 11 at the Grand.

Joe W. Spears' comedians, headed by the original comedians, McCabe and Mack, and the dainty little comedienne, Mazie Trumbull, will present the latest musical extravaganza entitled, "The Irish Pawnbrokers," at the Grand next Tuesday night. The skit is constructed solely for laughing purposes and abounds in ludicrous absurdities, songs, dances, concerted numbers, special scenery and novel light effects are furnished to make it especially attractive. In addition to the large cast there is a chorus of pretty girls in fetching costumes, so that three hours of merriment is assured the lovers of hilarious farce.

Old Georgetown on the Potomac is the scene of Miss Adelaide Thurston's big success, "Polly Primrose," which will be presented for the first time here Wednesday, March 16, at the Grand opera house, for the Elks' annual benefit. The action takes place during the civil war. "Polly Primrose" is in no sense a war drama, still the atmosphere of those troublesome times furnishes the motive for exciting situations in the play.

The James Kennedy Repertoire company again packed the opera house last night, presenting "A True Irish Gentleman." Mr. Kennedy as Larry O'Neal received a hearty applause for his clever work, assisted by a strong company. Tonight, "Rosedale, or the Ride Ball."

Miss Durlinger, who has been the guest of relatives and friends in this city for a short time, left yesterday for her home at New London.

Mrs. John Thompson left yesterday afternoon for Sebring, called there by the serious illness of her father, John Horton, an aged resident of that town.

Fireman William Ruhe and Officer Henry Aufderheide and family left this morning for Pittsburgh, where they will attend the funeral of a relative, which takes place today.

Miss Laura Cobb, Miss Clara Waggoner, Harry Waggoner, Charles Waggoner, Willis Zeilers and Curt Bengner have returned from Rochester, where they attended a party.

Prof. and Mrs. R. E. Rayman are spending this week in Atlanta, Ga., where Prof. Rayman is attending the National Superintendents' meeting. They will not return until Monday.

T. J. Thomas, formerly in charge of the local freight office of the Pennsylvania company, passed through the city yesterday on his way to Cleveland.

WEDNESDAY, FEBRUARY 24, 1904.

In common with all who have the best interests of the city at heart the News Review is glad that the railroad ordinance has passed and that the improvements which mean so much to the business interests of East Liverpool can now be pushed to completion. Through needlessly prolonged bickering and dickerings—partly on the side of the railway company and partly on the side of the city council—the improvements have been unnecessarily delayed, and East Liverpool, the most important city on the line of the C. & P. railroad between Pittsburgh and Cleveland, instead of being the first point where double track is put in use, will probably be about the last one. What the city has lost through the delay is forcibly pointed out by W. E. Wells in an interview elsewhere printed. The merits of the controversy are familiar to the public and need not be entered upon here. The city council and the business men of East Liverpool are satisfied that the best bargain that could be made has been made with the railroad company. Let it go at that and let bygones be bygones. The News Review is glad to say that, in urging action on this important question, it believes it has been championing the cause of the people. It has never made an attempt to fight the battles of the railroad company and has never said one word that could be construed as espousing that corporation's side of the questions at issue. The railroad company is entirely competent to look after its own interests, and even if it were not the News Review would be the last one in East Liverpool to assist it. We have urged action, and if we have had a part in bringing to an end an unreasonably prolonged controversy, we are well satisfied. The settlement of the matter is regarded as satisfactory by all reasonable people who have no

axes to grind, and in a short time will materially advance the city's material interests and general prosperity.

With thousands of people as regular patrons and readers at the Carnegie library, it would be a public misfortune to allow that institution to be closed, even temporarily, for lack of a few dollars. Council should promptly heed the notification of the library trustees and make arrangements that will enable this noble institution to keep open. Everybody is aware that the city is hard pressed for money, but public opinion will no more tolerate the closing of the library than it would the closing of the public schools.

Anent the proposed abolition of spring elections, Gov. Herrick makes the excellent suggestion that if the legislature passes the bill, it should then submit the proposition to the electors of the state of amending the constitution so as to provide for only biennial state elections. That would separate state and municipal elections and dispose of the objection that municipal interests would be likely to suffer under the changed conditions of voting.

The spring elections are near, but the lack of interest in municipal politics in East Liverpool is something almost unprecedented. There are three councilmen to elect and minor offices to fill. Those interested in good municipal government—and the whole city should be so interested—ought to awaken and to move for the election of men whose support can be counted upon in its favor.

We hear less of the typhoid fever at Butler, Pa., than we did, but the germs the people of that city absorbed from contaminated water are still getting in their deadly work. The one hundred and sixteenth death from the fever has just been reported.

The Panama canal treaty was ratified by the senate by a vote of 66 to 14. Fourteen Democrats voted for ratification and 14 against. Gorman and Morgan have evidently been wasting their breath as well as the senate's time.

The mayor has brought the question of fire limits before the city council. It should be taken up and acted upon forthwith. The city cannot afford to wait for a destructive fire to teach it its plain duty.

Henry Watterson warns his readers that there is a Hearst barrel and that it has already been tapped in Kentucky. Henry is not familiar with the brand and naturally objects.

A Pittsburgh paper tells of five enterprising burglars who worked all night and were rewarded by net proceeds of \$8.50. Evidently one industry in the Smoky City is overworked.

Russia is not satisfied with the way Japan is conducting the war, but is not likely to get so mad over it as to refuse to play the game.

Uncle Sam will shortly be ready to receive bids for the greatest job of ditch-digging ever undertaken on this continent.

Russia wants to spit on her hands to get a firmer hold. But Japan will not give her time for such a proceeding.

Mr. Horton came to this county from Burslem, England, about 28 years ago, and settled in East Liverpool. He was a kilnhand by trade, having served his apprenticeship in the pottery districts of Great Britain. He was a good workman, and had a host of friends in this city. Arrangements have not been completed but it is likely the remains will be laid to rest at Sebring.

Franklin B. Reed.

Lisbon, February 24.—(Special).—Franklin Bennett Reed died at 11 o'clock last night at the home of his parents, Mr. and Mrs. K. B. Reed, in this city, after a brief illness with typhoid fever. He was in his sixteenth year, having been born in May, 1889. He had been employed for about a year in Tidd's tobacco store here. Funeral services will be held at the house tomorrow afternoon at 2 o'clock and interment will be made in the Lisbon cemetery.

David Lewis.

Lisbon, February 24.—(Special).—David Lewis, of East Liverpool, died in the country infirmary this morning of consumption. He was 49 years old, had been in the infirmary six months and is said to have been at one time a pottery employee. Supt. Riddle will notify the Liverpool township trustees, as it is not known at the infirmary whether the deceased had any relatives or friends in this county.

AT THE THEATER

The unmistakable marks of inspiration are apparent in Willard Spenser's musical score of "Miss Bob White." It is entirely devoid of that studied strain that pervades the conventional composer's works as exemplified in the modern, so-called "up-to-date" musical comedies. Simple in theme, yet sweet and melodious, it is within the ordinary understanding, and that is why it has become so universally popular. Mr. Spenser's libretto holds the same virtue as his score and the blending of the two constitutes a performance so clean, wholesome and so pure in every detail that it immediately recommends itself to everyone who appreciates the best in theatricals. It goes without saying that "Miss Bob White" will appeal to local theatre-goers to the very last man. The engagement here takes place on March 11 at the Grand.

Joe W. Spears' comedians, headed by the original comedians, McCabe and Mack, and the dainty little comedienne, Mazie Trumbull, will present the latest musical extravaganza entitled, "The Irish Pawnbrokers," at the Grand next Tuesday night. The skit is constructed solely for laughing purposes and abounds in ludicrous absurdities, songs, dances, concerted numbers, special scenery and novel light effects are furnished to make it especially attractive. In addition to the large cast there is a chorus of pretty girls in fetching costumes, so that three hours of merriment is assured the lovers of hilarious farce.

Old Georgetown on the Potomac is the scene of Miss Adelaide Thurston's big success, "Polly Primrose," which will be presented for the first time here Wednesday, March 16, at the Grand opera house, for the Elks' annual benefit. The action takes place during the civil war. "Polly Primrose" is in no sense a war drama, still the atmosphere of those troublesome times furnishes the motive for exciting situations in the play.

The James Kennedy Repertoire company again packed the opera house last night, presenting "A True Irish Gentleman." Mr. Kennedy as Larry O'Neal received a hearty applause for his clever work, assisted by a strong company. Tonight, "Rosedale, or the Rifle Ball."

WELLSVILLE AND VICINITY

ITALIANS MUST NOT
CARRY ANY WEAPONS

An Order Issued By Mayor Fogo Which the Police Are Diligently Enforcing.

Orders have been issued by Mayor Fogo that all Italians and other foreigners shall be searched for concealed weapons on sight. These instructions have been given Chief of Police Houser, who in turn has notified all his patrolmen.

Actions of some of the Italians during the past fortnight have been of such a nature that the police are compelled to take strenuous measures against them. Since an Italian attempted to assassinate Patrolman Williams, who was arresting him, the police have decided to take no chances with their lives hereafter. There are said to be about 1,000 Italians in Wellsville. They are of all classes. As in all towns, the good are mixed with the bad and it is hard for the police to tell one from the other.

Holding up four Italians at one time and searching each is without doubt bold work for one officer lone handed. This was the feat of Officer Thornton. While he found no concealed weapons on these four men, yet the orders of Mayor Fogo are being enforced. When two other Italians were searched last night on one was found a 10 inch dirk, keen as a razor and with the point of a pin. This dirk is claimed to have been made from a file. The handle is crude in construction, but the weapon in itself is the most murderous weapon the police have in their "curiosity shop." On another Italian was found another dirk, but not of the character of the former.

The police believe that unless strict precautions are taken with these men, blood will sooner or later be shed. They will either quarrel among themselves or kill one outside their class.

These foreigners are about the toughest set of people the Wellsville police have had to deal with in years. Last night one was caught sleeping in the waiting room at the Wellsville station with only scant clothing on. He was arrested.

There are some Italians in the Third street colony who take delight in creating trouble among themselves. They make their headquarters in a store at Third and Broadway, kept by one of their number, which is claimed to be the most disorderly house in Wellsville. They fight among themselves but have not yet carried their troubles to the street. The police are keeping a watch on this house.

NEW BUSINESS BLOCK

To Be Erected on the Public Square. Architects Being Consulted.

William Struthers, of the firm of Struthers & Hanna, architects, Pittsburgh, is to meet a committee of local business men for the purpose of discussing plans for the erection of a new business block in the vacant lot in the southeast corner of the public square.

It is proposed to erect a three-story brick business block on this site, a matter which has been under discussion by certain local interests for about a year.

It is claimed that work on this new building will begin with the opening of spring. Plans have been prepared for such a building, and with the approval of the interests which propose to erect it, bids will be sought immediately.

buildings and factories. He will remain in Wellsville several days.

City Clerk James McQueen was the first person Inspector Ralston called upon. He obtained a list from the clerk of all public halls and then went on an inspection tour.

The Cooper opera house was the first place inspected. Manager Henry Cooper accompanied Mr. Ralston through the house and assisted the inspector in making his plan of the house. He will make a detailed report of the condition of the house to the state factory and building inspector within a fortnight.

Manager Cooper today said that no changes had been ordered in the house for the safety of patrons and what things would be suggested by Inspector Ralston would come through the state inspector.

CANDIDATES PLENTIFUL

Numerous Ministers Willing to Become Pastor of the First Presbyterian Church.

The session of the First Presbyterian church has received about six letters from ministers in various parts of the country asking that they be considered as applicants for pastorate of the Wellsville church. While the names of these ministers have not been made public, the letters have been in the hands of the trustees for several days.

It is said that these letters are from ministers located in Toledo, Minnesota, Illinois and Pennsylvania. The writers say they learn the pulpit of the Wellsville church is vacant, and if agreeable to the congregation, they would be willing to preach trial sermons here. But the pulpit is not vacant.

Should Rev. L. F. Laverty resign, a new pastor would be obtained as soon as possible and some of the applicants would doubtless be invited to preach trial sermons. A statement from Mr. Laverty is looked for soon.

MEETING TO BE CALLED

Water Works Trustees Anxious to Have Work on New Station Proceed.

A meeting of the water works trustees will be called by President E. H. Gerren for this week. The trustees are anxious to have work resumed on the new pumping station and propose at the next session to push the construction of the plant through other channels as fast as possible.

Hunt & Co., constructing engineers for the Duquesne Engineering company, have sent no word to the local water works offices as to what policy is to be followed. The receivers of the Duquesne company have not yet said to the local trustees what they propose to do with the contract.

Repairing Fire's Ravages.

Carpenters have commenced the rebuilding of the office of the American Sheet and Tin Plate company, which was recently partially destroyed by fire. The company received \$5,000 insurance on the building. Contractor Harvey McHenry, of East Liverpool, has the contract for rebuilding. About a carload of lumber is being used in the construction of the roof alone. The contract for the interior finish of the office has not been let. However, it is expected the office will be ready for use about April 1.

New Pump in Operation.

The new pump end has been installed at the pumping station of the water department and water was forced through it into the reservoir last night. The new end weighs 8,300 pounds and remarkable speed was attained in making the necessary repairs to the pump. One week ago the pump end was but pig metal. It was ordered made, delivered and installed within eight days. It cost the city about \$500.

C. & P. Telephone Line.

Linemen of the Cleveland and Pittsburgh railroad have about completed the construction of a new trunk telephone line from Wellsville to Cleveland. This line is owned by the railroad company and has no connection with other telephone companies. The company is also replacing many of the old through telephone lines with new wires, thus improving the service.

Entries Close March 5.

The names of all persons who propose to be candidates at the Republican primaries March 12 must be in the hands of the Wellsville Republican committee by 8 o'clock p. m. March 5. There will be a meeting of the central committee that evening and all offices for which no candidates are entered the committee will supply.

"Mi-o-na, the Only Natural Way to Gain Firm, Solid Flesh," Says Druggist Will Reed.

There are altogether too many pale, thin and emaciated people who manifestly do not have the proper weight. The last two years, pale, thin people have increased in numbers rapidly.

Emaciated faces and general thinness can be overcome by the use of Mi-o-na, the flesh-forming food that Druggist Reed is selling in such large quantities. You who have thin, pale cheeks, can be fat, plump, strong, hearty, with the rosy glow of health if you will but use Mi-o-na.

Will Reed, one of the most reliable drug firms in this section, is selling Mi-o-na at 50c a box under a positive and absolute guarantee to refund your money if it does not fill out thin cheeks and make the user plump, rosy and healthy.

Mi-o-na does all this in a perfectly, natural way. It mingles with the food you eat, aids assimilation, restores the digestive organs to action and puts the whole system in proper physical condition. Those who use Mi-o-na do not risk a penny when they buy it. Druggist Reed will give a written guarantee with every box to refund the money if it does not increase flesh, give freedom from stomach troubles, and restore health and strength. Go to Reed's drug store today and get a month's treatment to be used at his risk.

MRS. FLESCH TAKES
ALL OF THE BLAME

Admits Taking the Goods But Claims They Were Partly Her Own.

Mrs. Albert Flesch, who with Mrs. Leech and Mrs. Blazier, was accused of stealing a quantity of bed clothing, household furniture and other articles from the former's husband in Chester on Monday night, were arraigned before Justice Pugh this morning, and the case occupied the attention of the court nearly the entire day.

Flesch had employed City Solicitor George D. Ingram to prosecute the case, while the women were defended by Captain William M. Hill and Judge Butler. The court room was packed to the doors with an interested crowd of spectators long before the case was called, and Chief George Winn was compelled to lock the doors in order that the attorneys, witnesses and principals might have room to turn around.

The defendant, Mrs. Flesch, at once cleared the other two women, taking all the blame upon herself, and asserting that she had removed the furnishings unassisted. While admitting this, however, she insisted that she was part owner of the outfit. Her husband had refused to allow her to procure groceries and other necessities ever since their separation, and she held that she was entitled to the use of at least a portion of the household furniture. Mrs. Flesch stated on the witness stand that she had consulted legal advice and had been told that so long as no doors were broken and no violence of any sort was used, she had a perfect right to take the property. She claimed the door was not locked and that she had no difficulty in gaining an entrance to the room.

The case was hard fought, the attorneys on both sides contesting every foot of ground from the time the first witness was called until the case went to the jury.

CHURCH FURNITURE

Building Committee to Place An Order For Seats and Pulpit Fixtures Today.

The building committee, which has had in charge the construction of the new Presbyterian church in Chester, went to East Liverpool this afternoon for the purpose of conferring with the representatives of a number of supply houses regarding the placing of an order for seats and pulpit furniture.

Agents for six firms were present, and the competition was spirited. It is the intention of the committee to equip the new church with seats of the best and very latest pattern. A selection will be made with particular regard for the comfort and convenience of the congregation. It is announced that no matter with what firm the order is placed, two months will be required before the furniture can be delivered. The committee consists of J. D. Stewart, H. G. Mercer, O. O. Allison, W. M. Allison, Charles Brandon and J. E. Newell.

ANOTHER ROLL BROKE

The Second Bad Accident in a Single Week Occurred at the Tin Mill Last Night.

The run of hard luck still continues at the Chester plant of the American Tin Plate company. Last night another roll was broken, and the employees will be required to loaf until repairs are made. "Reddy" Luntz was working on the machine at the time, and was partially responsible for the accident.

The accident of last night was the second of the same character within a week, and the break is particularly unfortunate since it will be necessary for the plant to remain idle for several days. Both Luntz and McLane, who figured in the former mishap,

HANGING AT BROOKVILLE.

Michael Pallone Dies for Murder of Fellow Countryman.

Brookville, Pa., Feb. 24.—Michael Pallone, an Italian, was hanged here for the murder of Rosso Roceto, a fellow countryman, last June. The crime was committed at Anita, a mining town near Punxsutawney.

The trap was sprung by Sheriff Curry at 10:10 a. m. and at 10:15½ the physicians pronounced Pallone dead. The body was interred in the Catholic cemetery.

Pallone walked to the scaffold with a steady step. He bade good bye to his brother prisoners in the jail as he was led out, but said nothing on the scaffold.

John Battiste Accelo is under sentence of death here. He was to have been hanged at the same time as Pallone, but has been respite for 30 days.

THE GRIP GERM DEVIL FISH.

This ugly, ravaging bacillus sucks the heart out of the life cells, with his long tentacles, wrecking the constitution.

It was a great stroke of genius to find and photograph the Grip bacillus.

It was a greater stroke of good fortune for humanity to discover the antidote, the one thing in nature that is instant death to this virulent microbe, for the germ must be killed to cure.

This remedy is Brazilian Balm, a pleasant, constitutional balsam, which has provided a perfect germicide in Grip. It quickly subdues the fever, the inflammation in the head, throat and lungs, quiets the cough and takes the racking pains out of the chest, back and whole body.

For 20 years this marvelous remedy has been curing Grip, deep-seated colds, stubborn coughs, asthma, bronchitis, sore and ulcerated throat, the worst forms of Croup, Catarrh, etc., curing like magic where all other treatment had utterly failed.

Brazilian Balm is a perfect Antidote in the following germ diseases:

Grip—Cures in a few days and prevents pneumonia..... BECAUSE
Pneumonia—Clears the lungs and cures in 8 to 10 days..... IT KILLS
Typhoid Fever—Prevents, or cures at any stage..... THE
Dysentery—Heals the raw and ulcerated stomach..... MICROBES.
Catarrh, Asthma and Bronchitis.....

And there are no sequelae, no tedious convalescence. They are soon as well as ever. Thousands of lives are sacrificed every year that might be saved with Brazilian Balm. It has never lost a case.

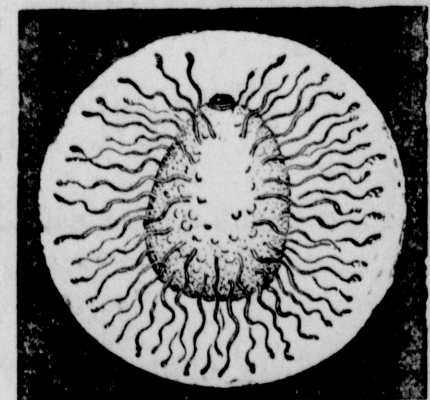

In old Grip Brazilian Balm rebuilds the shattered constitution, and restores the vigor of youth. 20 days treatment of Toxicola Tablets free with every \$1.00 bottle. This is the greatest Liver and Nerve Tonic known.

A 25c sample bottle cures a Cold, Croup or ordinary Cough like magic. But for Grip, Bronchitis, Asthma, Catarrh, Etc., get the larger bottles, stick to it faithfully and we guarantee the fullest satisfaction.

The sales of Brazilian Balm have become enormous; one city of 60,000 population taking over \$30,000.00 worth in 10 years.

CREMATED IN PRISON.

Two Men Jailed on Trivial Charge are Burned to Death.

Guthrie, Okla., Feb. 24.—Carl Black and Cecil Hogett, young men, were burned to death in the city jail at Mountain View. They had been arrested for drunkenness and it is thought that the bedding caught fire from a lighted cigarette.

The fire had gained strong headway before the cries of the two men attracted attention. By the time rescuers reached the jail the two prisoners had ceased to beat against the iron bars and the entire building was in flames. Both men were burned to a crisp.

ITALIANS MUST NOT
CARRY ANY WEAPONS

An Order Issued By Mayor Fogo
Which the Police Are Diligently Enforcing.

Orders have been issued by Mayor Fogo that all Italians and other foreigners shall be searched for concealed weapons on sight. These instructions have been given Chief of Police Houser, who in turn has notified all his patrolmen.

Actions of some of the Italians during the past fortnight have been of such a nature that the police are compelled to take strenuous measures against them. Since an Italian attempted to assassinate Patrolman Williams, who was arresting him, the police have decided to take no chances with their lives hereafter. There are said to be about 1,000 Italians in Wellsville. They are of all classes. As in all towns, the good are mixed with the bad and it is hard for the police to tell one from the other.

Holding up four Italians at one time and searching each without doubt hold work for one officer lone handed. This was the feat of Officer Thornton. While he found no concealed weapons on these four men, yet the orders of Mayor Fogo are being enforced. When two other Italians were searched last night on one was found a 10 inch dirk, keen as a razor and with the point of a pin. This dirk is claimed to have been made from a file. The handle is crude in construction, but the weapon in itself is the most murderous weapon the police have in their "curiosity shop." On another Italian was found another dirk, but not of the character of the former.

The police believe that unless strict precautions are taken with these men, blood will sooner or later be shed. They will either quarrel among themselves or kill one outside their class. These foreigners are about the toughest set of people the Wellsville police have had to deal with in years. Last night one was caught sleeping in the waiting room at the Wellsville station with only scant clothing on. He was arrested.

There are some Italians in the Third street colony who take delight in creating trouble among themselves. They make their headquarters in a store at Third and Broadway, kept by one of their number, which is claimed to be the most disorderly house in Wellsville. They fight among themselves but have not yet carried their troubles to the street. The police are keeping a watch on this house.

Architects Being
Consulted.

William Struthers, of the firm of Struthers & Hanna, architects, Pittsburgh, is to meet a committee of local business men for the purpose of discussing plans for the erection of a new business block in the vacant lot in the southeast corner of the public square. It is proposed to erect a three-story brick business block on this site, a matter which has been under discussion by certain local interests for about a year.

It is claimed that work on this new building will begin with the opening of spring. Plans have been prepared for such a building, and with the approval of the interests which propose to erect it, bids will be sought immediately.

buildings and factories. He will remain in Wellsville several days.

City Clerk James McQueen was the first person Inspector Ralston called upon. He obtained a list from the clerk of all public halls and then went on an inspection tour.

The Cooper opera house was the first place inspected. Manager Henry Cooper accompanied Mr. Ralston through the house and assisted the inspector in making his plan of the house. He will make a detailed report of the condition of the house to the state factory and building inspector within a fortnight.

Manager Cooper today said that no changes had been ordered in the house for the safety of patrons and what things would be suggested by Inspector Ralston would come through the state inspector.

CANDIDATES PLENTIFUL

Numerous Ministers Willing to Be
come Pastor of the First
Presbyterian Church.

The session of the First Presbyterian church has received about six letters from ministers in various parts of the country asking that they be considered as applicants for pastorate of the Wellsville church. While the names of these ministers have not been made public, the letters have been in the hands of the trustees for several days.

It is said that these letters are from ministers located in Toledo, Minnesota, Illinois and Pennsylvania. The writers say they learn the pulpit of the Wellsville church is vacant, and if agreeable to the congregation, they would be willing to preach trial sermons here. But the pulpit is not vacant.

Should Rev. L. F. Laverty resign, a new pastor would be obtained as soon as possible and some of the applicants would doubtless be invited to preach trial sermons. A statement from Mr. Laverty is looked for soon.

MEETING TO BE CALLED

Water Works Trustees Anxious to
Have Work on New Station
Proceed.

A meeting of the water works trustees will be called by President E. H. Gerren for this week. The trustees are anxious to have work resumed on the new pumping station and propose at the next session to push the construction of the plant through other channels as fast as possible.

Hunt & Co., constructing engineers for the Duquesne Engineering company, have sent no word to the local water works offices as to what policy is to be followed. The receivers of the Duquesne company have not yet said to the local trustees what they propose to do with the contract.

Repairing Fire's Ravages.

Carpenters have commenced the rebuilding of the office of the American Sheet and Tin Plate company, which was recently partially destroyed by fire. The company received \$5,000 insurance on the building. Contractor Harvey McHenry, of East Liverpool, has the contract for rebuilding. About a carload of lumber is being used in the construction of the roof alone. The contract for the interior finish of the office has not been let. However, it is expected the office will be ready for use about April 1.

New Pump in Operation.

The new pump end has been installed at the pumping station of the water department and water was forced through it into the reservoir last night. The new end weighs 8,300 pounds and remarkable speed was attained in making the necessary repairs to the pump. One week ago the pump end was but pig metal. It was ordered made, delivered and installed within eight days. It cost the city about \$500.

C. & P. Telephone Line.

Linemen of the Cleveland and Pittsburgh railroad have about completed the construction of a new trunk telephone line from Wellsville to Cleveland. This line is owned by the railroad company and has no connection with other telephone companies. The company is also replacing many of the old through telephone lines with new wires, thus improving the service.

It was a great stroke of genius to find and photograph the Grip bacillus.

It was a greater stroke of good fortune for humanity to discover the antidote, the one thing in nature that is instant death to this virulent microbe, for the germ must be killed to cure.

This remedy is Brazilian Balm, a pleasant, constitutional balsam, which has proved a perfect germicide in Grip. It quickly subdues the fever, the inflammation in the head, throat and lungs, quiets the cough and takes the racking pains out of the chest, back and whole body.

For 20 years this marvelous remedy has been curing Grip, deep-seated colds, stubborn coughs, asthma, bronchitis, sore and ulcerated throat, the worst forms of Croup, Catarrh, etc., curing like magic where all other treatment had utterly failed.

Brazilian Balm is a perfect Antidote in the following germ diseases:

Grip—Cures in a few days and prevents pneumonia.....
Pneumonia—Clears the lungs and cures in 8 to 10 days.....
Typhoid Fever—Prevents, or cures at any stage.....
Dyspepsia—Heals the raw and ulcerated stomach.....
Catarrh, Asthma and Bronchitis.....

And there are no sequelae, no tedious convalescence. They are soon as well as ever. Thousands of lives are sacrificed every year that might be saved with Brazilian Balm. It has never lost a case.

In old Grip Brazilian Balm rebuilds the shattered constitution, and restores the vigor of youth. 20 days treatment of Toxicola Tablets free with every \$1.00 bottle. This is the greatest Liver and Nerve Tonic known.

A 25c sample bottle cures a Cold, Croup or ordinary Cough like magic. But for Grip, Bronchitis, Asthma, Catarrh, Etc., get the larger bottles, stick to it faithfully and we guarantee the fullest satisfaction.

The sales of Brazilian Balm have become enormous; one city of 60,000 population taking over \$30,000.00 worth in 10 years.

CREMATED IN PRISON.

Two Men Jailed on Trivial Charge are
Burned to Death.

Guthrie, Okla., Feb. 24.—Carl Black and Cecil Hoggett, young men, were burned to death in the city jail at Mountain View. They had been arrested for drunkenness and it is thought that the bedding caught fire from a lighted cigarette.

The fire had gained strong headway before the cries of the two men attracted attention. By the time rescuers reached the jail the two prisoners had ceased to beat against the iron bars and the entire building was in flames. Both men were burned to a crisp.

Theater Manager Invents Pretext to
Dismiss Audience During Fire.

Rochester, N. Y., Feb. 24.—Fire in the Beckford-Schantz furniture factory led the manager of the Cook opera house, the stage entrance of which was in close proximity, to dismiss the audience. He announced that it was necessary to suspend the performance as the lighting apparatus was out of order.

The audience did not know the location of the fire until they got out. The damage is \$60,000.

BY GROVE CITY

The Collegians Slugged But Lost a Hard Fought Game, 56 to 29.

ACCURATE COAL SHOOTING

Helped the Locals to Win Over Their Stronger Opponents—Allison and Rigby Had Prominent Part in the Victory.

Giants in stature and strength, rough as pig iron and pugilistic in play the Grove City athletes met their conquerors last night in the lithe, fleet-footed locals. Beef and brawn could not avail against the science and speed that has won for the locals the championship of Ohio and Grove City, in the roughest and most exciting game of the season finished with the small end of a 56 to 29 score.

The victory of the locals last night is most satisfying. Not only were they outweighed 30 pounds or more to the man, but the heavy weights had some speed and team work and a great deal of endurance. There was not the slightest hesitation on the part of the visitors to make every use of the advantage even to employing tactics not permitted by the rules. At least one of the collegians played like he was one of the principals at a slugfest and narrowly escaped being put out of the game.

Referee Zang is to be commended on the very decided stand he took when the slugging was first noticed. He called the offending player in no uncertain terms, and although there was much to anger him against the visitors he gave them a square deal throughout. Compared to the Grove City bunch the Southsiders are as gentle as zephyrs.

Never has the local team been put to such a trial in winning a game, although they have had to play harder for victory in other contests. They were no match for the collegians in strength and had to resort to dodging and great speed. The score was not close, but the game was exciting and strenuous. The 56 points scored by the locals represent some accurate shooting at moments when they escaped from the almost constant buffeting from the heavy weights. To their accuracy in shooting, even under the most trying circumstances, must be credited the victory.

For the locals Allison was the star of the game. The little player proved an enigma for the collegians and they failed to cover him. He eluded their best efforts to keep up with him, and several times surrounded by his opponents he managed to shoot the ball, seldom failing to send it into the basket.

Dick Rigby had a fast opponent in DeFrance, but the tall center outplayed him. The rough going put him on his mettle and after receiving several hard bumps he played harder than

IS HAPPY ONCE MORE

SAYS MRS. H. R. WELLS, Of Canton, Who Has Known Years of Suffering.

The unfortunate human being who finds the entire system out of order caused by a diseased stomach, suffers from a dozen different ailments. The following letter from Mrs. H. R. Wells, of No. 1537 South Cleveland avenue, Canton, O., will give some idea of the happiness such a sufferer must feel when relieved of this dreadful condition.

The Cooper Medicine Co.

Gentlemen—For years I have been troubled with a general run-down condition of the system. I never felt exactly right. I would get up in the morning feeling as tired as when I went to bed and with a nasty taste in my mouth. I had headache and my back was so weak that I could only stand on my feet a short time. I was troubled with dizzy spells and would see spots before my eyes. I never had any energy and would tire very easily. When I walked up stairs my heart would beat so rapidly that it frightened me. I tried everything, but seemed to be getting worse, rather than better. I bought a bottle of Dr. Cooper's New Discovery and now my trouble has left me. I am well again, and I say, God bless you and your wonderful remedy. I feel that I owe my life to it. I haven't felt as happy as I do at this minute for six years. Yours sincerely,

MRS. H. R. WELLS.

After reading such a letter as this can you longer go through life a sufferer from chronic stomach trouble and not make one more effort to get well? Dr. Cooper's New Discovery will cure you as certainly and surely as it has Mrs. Wells. Ask your druggist for the medicine and you will never regret it. If it fails to cure you the Cooper Medicine Co. will refund your money instantly.

ever, Rigby's shooting was on a par with Allison's brilliant work.

Little Bloor looked lost among the tall collegians, but he was not intimidated by their rough playing. The doughty Chadwick, when he saw his opponents' tactics, did not stand back on ceremonies and mixed it up a little himself. Chadwick never tired and proved effective in breaking up the team work of the collegians.

When Powell appeared on the floor in the second half, replacing Bloor, he was cheered lustily. The tall sycamore was needed in the game to offset the rough play, and he did not hesitate a minute in getting into the thick of it.

In the first half the locals had the best of it all the way through. The score being 28 to 13 in their favor. At the start of the second half the visitors made a spurt and for a moment the locals were nonplussed. The spurt did not last long, however, and were fast left in the rear. The score and lineup:

East Liverpool—Allison, Bloor and Powell, forwards; Rigby, center; Watkin and Chadwick, guards.

Grove City—Hickman and Locke, forwards; DeFrance, center; Young and Brown, guards.

Goals—Allison 9, Bloor 1, Powell 2, Rigby 9, Chadwick 2, Hickman 4, DeFrance 6, Young 2. Fouls—Rigby 9, Chadwick 1, DeFrance 5. Referee—Zang.

Basket Ball Notes.

After Indiana Southside. March is almost at hand with no word from Southside.

Watkin was not in shape last night, his few shots at the basket going wide.

Chadwick's head made a dint in the floor last night, but his cranium escaped injury.

Allison was never in better shape and the entire visiting bunch failed to hold him down.

The High School team takes this method of challenging the Hollendens and Belmonts for a game.

Local fans say the Southside rooters can bet as much as \$1,000 if the team plays here and they can bring the coin along.

Rigby was knocked out for a few minutes in the second half after a collision with one of the visitors. The plucky player stayed in the game and played harder than ever.

Boxing at Beaver Falls.

The officers of the Nonpareil Athletic club, of Beaver Falls, announce that tomorrow night, they will give an entertainment at their club rooms and among the events will be an exhibition between Lawrence Lutz, of Beaver Falls, and Jack Hamilton, of Troy, N. Y., also a six round bout between Con Crowley and Ed. Johnston, two mill men of Monaca.

SOUTHSIDE'S CONQUERORS
HERE FRIDAY NIGHT

Highest Priced Game of the Season, a \$100 Guarantee Having Been Given.

Next to the Southsiders and the Buffalo Germans, there is no basket ball live in the country for whose appearance here the fans are more anxious than the Indiana normal school team. This team bears the proud distinction of being the first this season to defeat the famous Allegheny county champions and for this reason there is a general interest in its appearance here.

Manager Gallimore in arranging for the visit of the Indiana five here Friday night, had to put up the biggest guarantee in the history of the game here and the fans should show their approval by attending the game. The high price was necessary owing to the great expense of the trip for the visitors, as they come here direct.

The Indiana school has a fast, clean team and a great game is expected with the locals, as usual picked to win. Tickets for the game will be on sale tonight at 7 o'clock at the usual place, only eight being allowed to one purchaser.

STERLINGS AND JUNIORS
PLAY FAST GAME

Juniors Took a Big Lead But the Sterlings Forged Ahead at the Windup.

The Juniors and Sterlings furnished all kinds of excitement in the preliminary game, the Sterlings winning 19 to 17. At the startoff the Juniors took a big lead, but by the end of the first half the Sterlings were right at their heels. With the score almost a tie throughout the second half the game was intensely interesting, the Sterlings making the winning goal just ahead of the whistle ending the game. The score:

Sterlings—S. Bucher and Cartwright, forwards; E. Powell, center; R. Bucher and Hymes, guards.

Juniors—Gibbons and W. Watkin, forwards; Manley, center; Geon and H. Watkin, guards.

Goals—S. Bucher 1, Cartwright 2, E. Powell 3, R. Bucher 2, W. Watkin 4, Manley 1, Geon 2.

Fouls—S. Bucher 3, W. Watkin 3.

Bowling at Sebring.

The Imperial Bowling club will go to Sebring tomorrow evening to play a series with the crack team of that town. A return date has been arranged for next week. Those comprising the Imperial team are Powell, Rose, Clark, Williams and Wood. The Powell and Williams teams will do battle on the Imperia alleys this evening.

Lutz-Hamilton Fight.

There will be a big crowd of local sports in attendance at the Lutz-Hamilton fight before the Nonpareil club at Beaver Falls tonight. The fight is to be 15 rounds and will no doubt be a hard one. Considerable money has been wagered on the battle locals backing Lutz.

SPORTING MISCELLANY.

It is said Jesse Tannehill is to be traded to the Boston Americans.

M. E. Simon, a North Vernon, Ind., school teacher, has signed to catch for Columbus. His former pupils say he is a hard hitter.

E. E. Farrell, the ball tosser who won fame on the Salineville diamond last season, will be given a tryout with the Dayton team during next season.

The New York Nationals have as pitchers Mathewson, McGinnity, Taylor, Ames, Milligan and Wiltse; as catchers, Bowerman, Warner and Bresnahan.

With the signing of Pitcher Tom Hughes by the New York American league club, Clark Griffith has practically completed the makeup of his team for the coming season, although he still has lines out for a well known catcher.

The Sporting Life announces that "Chief" Zimmer is slated for release by the Phillies in order that Harry Pulliam may appoint him a league umpire. The Chief stood by the National league in the days of war and a berth among the umpires is only his just due, now that he is about ready to retire from playing.

CANAL NOW ASSURED

Senate Ratifies Panama Treaty by Vote of Sixty-Six to Fourteen.

MANY DEMOCRATS SUPPORT IT

War Department Will at Once Send Troops to Police Canal Strip—Exchange of Ratifications Is Expected to Take Place at Once.

Washington, Feb. 24.—The United States senate ratified without amendment the treaty with Panama for a canal across the isthmus of that name by a vote of 66 to 14. Fourteen Democrats voted for ratification and 14 against. Two Democrats, Clark of Montana and Stone of Missouri, were paired in favor of the treaty, and three Democrats, Overman, McLaurin and Martin, were paired against it, so in the total vote 16 Democrats were for the treaty and 17 against it.

The only other vote was on the amendment offered by Senator Bacon, providing for an arrangement to compensate Colombia for loss of the territory of Panama. This was rejected by a vote of 24 to 49.

Everything is ready for the speedy consummation of the Panama canal treaty, and both the war and state departments have made preparations for the next step, the former by the dispatch of troops to the isthmus and the latter by the completion of arrangements for the exchange of ratifications of the treaty, which must take place in Washington. There is no reason why this ceremony should not occur within the next 48 hours.

Work to Begin at Once.

The administration intends to press the canal project by all proper methods. As a cabinet officer expressed it, the next step after the appointment of the commission will be "to scratch the dirt" and already such members of the commission as are assured of their places, like Admiral Walker and Major General Davis, have been giving attention to the provision of the clerical force and the engagement of engineering talent to conduct the actual work.

The war department has issued orders for the entire Third regiment of infantry to proceed to the isthmus of Panama. The regiment will leave at the earliest possible time on the transports Sumner and McClellan from New York.

Senator Kittredge of South Dakota, a member of the inter-oceanic canal committee, has introduced a bill to provide for the temporary government of the Panama canal territory and the protection of the canal works and for other purposes connected with the construction of the canal.

The first section creates "the Panama board of governors" consisting of three citizens of the United States, not all of whom shall be of the same political party, to be appointed by the president and confirmed by the senate.

Governing the Canal Strip. The legislative, administrative and executive powers possessed by congress and the privileges of the United States on the isthmus of Panama shall be vested in the board of governors, including the power to raise revenue. None of the taxes collected shall be covered into the treasury of the United States but shall be retained and disbursed by the board.

John Garber of San Francisco has declined the appointment tendered him by the president on the Panama canal commission.

Panama, Feb. 24.—A cablegram from the Associated Press brought to President Amador the first news of the ratification of the Panama canal treaty by the American senate. The information was received by all officials with great satisfaction. The news rapidly became public and was received everywhere with expressions of gratification. Celebrations in honor of the event were held last night on both sides of the isthmus.

CONFESSED PERJURY.

Witness in Kentucky Murder Case Says He Was Intimidated.

Cynthiana, Ky., Feb. 24.—There was a sensation in the court house here when A. C. Adams pleaded guilty to perjury and was given the minimum sentence of one year.

Adams was one of the principal witnesses for the defense at the trial here last September of Curtis Jett and Thomas White, convicted of killing J. B. Marcum and James Cockrill at Jackson, Ky.

In making his confession in open court Adams said he had perjured himself on account of fear of being killed in Breathitt county afterward if he testified to what he knew. He said that county officers and others had told him that he must aid Jett in proving an alibi or he and his family would suffer.

The Cooper Medicine Co.

Gentlemen—For years I have been troubled with a general run-down condition of the system. I never felt exactly right. I would get up in the morning feeling as tired as when I went to bed and with a nasty taste in my mouth. I had headache and my back was so weak that I could only stand on my feet a short time. I was troubled with dizzy spells and would see spots before my eyes. I never had any energy and would tire very easily. When I walked up stairs my heart would beat so rapidly that it frightened me. I tried everything, but seemed to be getting worse, rather than better. I bought a bottle of Dr. Cooper's New Discovery and now my trouble has left me. I am well again, and I say, God bless you and your wonderful remedy. I feel that I owe my life to it. I haven't felt as happy as I do at this minute for six years. Yours sincerely,

MRS. H. R. WELLS. After reading such a letter as this can you longer go through life a sufferer from chronic stomach trouble and not make one more effort to get well? Dr. Cooper's New Discovery will cure you as certainly and surely as it has Mrs. Wells. Ask your druggist for the medicine and you will never regret it. If it fails to cure you the Cooper Medicine Co. will refund your money instantly.

ever. Rigby's shooting was on a par with Allison's brilliant work.

Little Bloor looked lost among the tall collegians, but he was not intimidated by their rough playing. The doughty Chadwick, when he saw his opponents' tactics, did not stand back on ceremonies and mixed it up a little himself. Chadwick never tired and proved effective in breaking up the team work of the collegians.

When Powell appeared on the floor in the second half, replacing Bloor, he was cheered lustily. The tall scorcher was needed in the game to offset the rough play, and he did not hesitate a minute in getting into the thick of it.

In the first half the locals had the best of it all the way through, the score being 28 to 13 in their favor. At the start of the second half the visitors made a spurt and for a moment the locals were nonplussed. The spurt did not last long, however, and were fast left in the rear. The score and lineup:

East Liverpool—Allison, Bloor and Powell, forwards; Rigby, center; Watkin and Chadwick, guards.

Grove City—Hickman and Locke, forwards; DeFrance, center; Young and Brown, guards.

Goals—Allison 9, Bloor 1, Powell 2, Rigby 9, Chadwick 2, Hickman 4, DeFrance 6, Young 2. Fouls—Rigby 9, Chadwick 1, DeFrance 5.

Referee—Zang.

Basket Ball Notes.

After Indiana Southside.

March is almost at hand with no word from Southside.

Watkin was not in shape last night, his few shots at the basket going wide.

Chadwick's head made a dint in the floor last night, but his cranium escaped injury.

Allison was never in better shape and the entire visiting bunch failed to hold him down.

The High School team takes this method of challenging the Hollendens and Belmonts for a game.

Local fans say the Southside rooters can bet as much as \$1,000 if the team plays here and they can bring the coin along.

Rigby was knocked out for a few minutes in the second half after a collision with one of the visitors. The plucky player stayed in the game and played harder than ever.

Boxing at Beaver Falls.

The officers of the Nonpareil Athletic club, of Beaver Falls, announce that tomorrow night, they will give an entertainment at their club rooms and among the events will be an exhibition between Lawrence Lutz, of Beaver Falls, and Jack Hamilton, of Troy, N. Y., also a six round bout between Con Crowley and Ed. Johnston, two mill men of Monaca.

SOUTHSIDE'S CONQUERORS HERE FRIDAY NIGHT

Highest Priced Game of the Season, a \$100 Guarantee Having Been Given.

Next to the Southsiders and the Buffalo Germans, there is no basket ball live in the country for whose appearance here the fans are more anxious than the Indiana normal school team. This team bears the proud distinction of being the first this season to defeat the famous Allegheny county champions and for this reason there is a general interest in its appearance here.

Manager Gallimore in arranging for the visit of the Indiana five here Friday night, had to put up the biggest guarantee in the history of the game here and the fans should show their approval by attending the game. The high price was necessary owing to the great expense of the trip for the visitors, as they come here direct.

The Indiana school has a fast, clean team and a great game is expected with the locals, as usual picked to win. Tickets for the game will be on sale tonight at 7 o'clock at the usual place, only eight being allowed to one purchaser.

STERLINGS AND JUNIORS PLAY FAST GAME

Juniors Took a Big Lead But the Sterlings Forged Ahead at the Windup.

The Juniors and Sterlings furnished all kinds of excitement in the preliminary game, the Sterlings winning 19 to 17. At the start of the Juniors took a big lead, but by the end of the first half the Sterlings were right at their heels. With the score almost a tie throughout the second half the game was intensely interesting, the Sterlings making the winning goal just ahead of the whistle ending the game. The score:

Sterlings—S. Bucher and Cartwright, forwards; E. Powell, center; R. Bucher and Hynes, guards.

Juniors—Gibbons and W. Watkin, forwards; Manley, center; Geon and H. Watkin, guards.

Goals—S. Bucher 1, Cartwright 2, E. Powell 3, R. Bucher 2, W. Watkin 4, Manley 1, Geon 2.

Fouls—S. Bucher 3, W. Watkin 3.

Bowling at Sebring.

The Imperial Bowling club will go to Sebring tomorrow evening to play a series with the crack team of that town. A return date has been arranged for next week. Those comprising the Imperial team are Powell, Rose, Clark, Williams and Wood. The Powell and Williams teams will do battle on the Imperial alleys this evening.

Lutz-Hamilton Fight.

There will be a big crowd of local sports in attendance at the Lutz-Hamilton fight before the Nonpareil club at Beaver Falls tonight. The fight is to be 15 rounds and will no doubt be a hard one. Considerable money has been wagered on the battle locals backing Lutz.

SPORTING MISCELLANY.

It is said Jesse Tannehill is to be traded to the Boston Americans.

M. E. Simon, a North Vernon, Ind., school teacher, has signed to catch for Columbus. His former pupils say he is a hard hitter.

E. E. Farrell, the ball tosser who won fame on the Salineville diamond last season, will be given a tryout with the Dayton team during next season.

The New York Nationals have as pitchers Mathewson, McGinnity, Taylor, Ames, Milligan and Wittse; as catchers, Bowerman, Warner and Bresnahan.

With the signing of Pitcher Tom Hughes by the New York American league club, Clark Griffith has practically completed the makeup of his team for the coming season, although he still has lines out for a well known catcher.

The Sporting Life announces that "Chief" Zimmer is slated for release by the Phillies in order that Harry Pulliam may appoint him a league umpire. The Chief stood by the National league in the days of war and a berth among the umpires is only his just due, now that he is about ready to retire from playing.

CANAL NOW ASSURED

Senate Ratifies Panama Treaty by Vote of Sixty-Six to Fourteen.

MANY DEMOCRATS SUPPORT IT

War Department Will at Once Send Troops to Police Canal Strip—Exchange of Ratifications Is Expected to Take Place at Once.

Washington, Feb. 24.—The United States senate ratified without amendment the treaty with Panama for a canal across the isthmus of that name by a vote of 66 to 14. Fourteen Democrats voted for ratification and 14 against. Two Democrats, Clark of Montana and Stone of Missouri, were paired in favor of the treaty, and three Democrats, Overman, McLaurin and Martin, were paired against it, so in the total vote 16 Democrats were for the treaty and 17 against it.

The only other vote was on the amendment offered by Senator Bacon, providing for an arrangement to compensate Colombia for loss of the territory of Panama. This was rejected by a vote of 24 to 49.

Everything is ready for the speedy consummation of the Panama canal treaty, and both the war and state departments have made preparations for the next step, the former by the dispatch of troops to the isthmus and the latter by the completion of arrangements for the exchange of ratifications of the treaty, which must take place in Washington. There is no reason why this ceremony should not occur within the next 48 hours.

Work to Begin at Once.

The administration intends to press the canal project by all proper methods. As a cabinet officer expressed it, the next step after the appointment of the commission will be "to scratch the dirt" and already such members of the commission as are assured of their places, like Admiral Walker and Major General Davis, have been giving attention to the provision of the clerical force and the engagement of engineering talent to conduct the actual work.

The war department has issued orders for the entire Third regiment of infantry to proceed to the isthmus of Panama. The regiment will leave at the earliest possible time on the transports Summer and McClellan from New York.

Senator Kittredge of South Dakota, a member of the inter-oceanic canal committee, has introduced a bill to provide for the temporary government of the Panama canal territory and the protection of the canal works and for other purposes connected with the construction of the canal.

The first section creates "the Panama board of governors" consisting of three citizens of the United States, not all of whom shall be of the same political party, to be appointed by the president and confirmed by the senate.

Governing the Canal Strip.

The legislative, administrative and executive powers possessed by congress and the privileges of the United States on the isthmus of Panama shall be vested in the board of governors, including the power to raise revenue. None of the taxes collected shall be covered into the treasury of the United States but shall be retained and disbursed by the board.

John Garber of San Francisco has declined the appointment tendered him by the president on the Panama canal commission.

Panama, Feb. 24.—A cablegram from the Associated Press brought to President Amador the first news of the ratification of the Panama canal treaty by the American senate. The information was received by all officials with great satisfaction. The news rapidly became public and was received everywhere with expressions of gratification. Celebrations in honor of the event were held last night on both sides of the isthmus.

CONFESSED PERJURY.

Witness in Kentucky Murder Case Says He Was Intimidated.

Cynthiana, Ky., Feb. 24.—There was a sensation in the court house here when A. C. Adams pleaded guilty to perjury and was given the minimum sentence of one year.

Adams was one of the principal witnesses for the defense at the trial here last September of Curtis Jett and Thomas White, convicted of killing J. B. Marcum and James Cockrell at Jackson, Ky.

In making his confession in open court Adams said he had perjured himself on account of fear of being killed in Breathitt county afterward if he testified to what he knew. He said that county officers and others had told him that he must aid Jett in proving an alibi or he and his family would suffer.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. SERIOUS BLOW TO RUSSIANS

40,000 Japanese Said to Have Landed at Chemulpo, Korea—Russians Expect Japanese Officers Who Attempted to Blow Up Railway Bridge.

London, Feb. 24.—Cabling from Chemulpo on February 25, a correspondent of the Morning Post says 40,000 more Japanese troops have landed at

is known to be very badly supplied, and it therefore could not long resist a Japanese attack. There is still, however, no news of actual operations of any kind.
Special dispatches from St. Petersburg give various sensational reports of a political nature.
The Telegraph, for instance, says the Russian government has ordered its ambassador at Constantinople to obtain the permission of the port for the exit of the Black sea fleet, but M. Zinovieff, the ambassador, declined to make this request, and was able to give the Russian foreign office conclusive reasons for his refusal.
In a dispatch from Tokio a correspondent from the Times says some hundreds of Cossacks rushed Chong, 30 miles south of the Yalu river, the afternoon of February 20. Thirty troops crossed the river at Kazan, the same evening, thus arriving within 45 miles of Ping Yang, Korea.
Japanese Officers Hanged.
St. Petersburg, Feb. 24.—The Japan-

talked with Viceroy Alexieff.
Military men desiring to accompany the Russian army have been formally notified that they can proceed when convenient, but it is added that accommodations and commissariat supplies cannot be guaranteed before March 15. No authorizations have yet been issued to war correspondents.
Discussing Chinese Neutrality.
The Chinese minister here has presented to the foreign officers a note, similar in tenor to that handed to the government at Tokio, regarding Chinese neutrality and the respect to be paid to the imperial tombs. It is understood that Russia has not made a specific reply, but communicated to the minister a copy of her reply to Secretary Hay's note on the subject of China.
"The war will end in August or September, in the complete defeat of the Japanese," said a high official, in intimate touch with the Russian war plans. He added:
"How the Japanese can hope to succeed when our army in the east is strengthened to a point equal or superior in numbers to that of our adversaries we are honestly unable to comprehend. It will not be difficult to place two, four or even six hundred thousand additional men in the field, if necessary. When our forces are concentrated and ready they will finish by driving the Japanese into the sea. Frankly, it seems to us that the Japanese either have utterly failed to appreciate Russia's resources, or have counted on the aid of Great Britain or the United States, neither of which ever contemplated becoming involved. So far as Great Britain is concerned we do not believe any hallucinations existed there. We think the British statesmen who did so much to push Japan into war realize that with Japan's defeat they would accomplish two things for Great Britain—first, to give Russia a check—for, of course, the war must impede our progress, temporarily; second, to cripple Japan's maritime power, which was beginning to be greatly felt on the Pacific."
Paris, Feb. 24.—The Paris edition of the New York Herald asserts that Foreign Minister Lamsdorff wants to resign, and that M. Witte will succeed him.
In a dispatch from Harbin, Manchuria, a correspondent of the Matin says ambulances are being sent in there from all parts of Russia, and that the Baltic railroad has furnished a sanitary train for 200 wounded.
A dispatch from Port Arthur published in Paris this morning says the Japanese have dethroned the emperor of Korea and annexed the country.
Shanghai Feb. 24.—Two Chinese cruisers are expected here to settle the question of the refusal of the Russian gunboat Mandjur to obey the order of the taotai to leave Shanghai.
Seoul, Feb. 24.—A telegram received here from a foreigner at Pnyng Yang says that the report that Russian scouts are at Anju is authentic. The telegram also says that the natives

FIREMEN FACE DANGER.

Extinguish Blaze in Close Proximity to Big Gas Reservoirs.
New York, Feb. 24.—In constant danger of an explosion in three immense gas tanks, each containing 1,500,000 cubic feet of illuminating gas, across the street New York firemen fought a fire in a six story block which was damaged to the extent of \$100,000.
The gas remained in the tanks throughout the fire, owing to delay in finding the proper officials to order it withdrawn, and a large part of the apparatus called out by four alarms was employed in drenching the sides of the steaming reservoirs.

LOCOMOTIVE BLEW UP.

Three Deaths Result From Accident Eight Miles From Erie.
Erie, Pa., Feb. 24.—By the blowing out of the front of the boiler of a locomotive on the Philadelphia and Erie about eight miles east of this city Jack Fahey, a brakeman, was instantly killed. J. E. Quinn, the engineer, of Kane, Pa., died from his injuries, and Louis Staber, conductor, Erie, is fatally hurt.
Fred Jones of Erie escaped with a few burns, not serious.

SITE SELECTED FOR LUTHERAN ORPHANS HOME

Springfield, O., Feb. 24.—Trustees of the Amelia Osterlin Lutheran Orphanage have selected the Daniel Watkins farm of 100 acres as the site for the proposed Lutheran Orphans home. Lutheran orphans from Ohio, Indiana and Kentucky will become inmates of the home when it is ready. The cottage plan will be adopted.

AMENDMENTS LOST.

Ohio State Senate Passes University Tax Levy Bill.
Columbus, O., Feb. 24.—The liveliest fight of the session preceded the senate's passing of the Kiegel bill fixing the state levy for the Ohio State university at 15 of a mill. Senator Shaubenger attempted to amend the bill to provide that no part of the fund provided by this levy should be expended in the department of instruction in English and modern languages. The amendment was lost. Senator Stewart immediately offered a second amendment providing that any money in excess of \$300,000 raised for the university under this levy should be returned to the common school fund to be used as other common school funds are apportioned. This was also lost. The bill was then passed with only the Cuyahoga county senators voting against it.
Representative Johnston presented to the house committee on public works a substitute for his "electric mule" canal bill and asked that a hearing be given with view to accepting this as a substitute.
Eighty-eight out of the 117 Republican members of the Ohio legislature have signed the petition put into circulation by the representatives and senators of the Nineteenth congressional district pledging their votes to Gen. Charles Dick for United States senator. Fifty-nine votes are necessary to nominate in Republican caucus and 72 are necessary to elect on joint ballot in the legislature.
The house has adopted the senate joint resolution fixing March 1 and 2 as the days for balloting for United States senator.

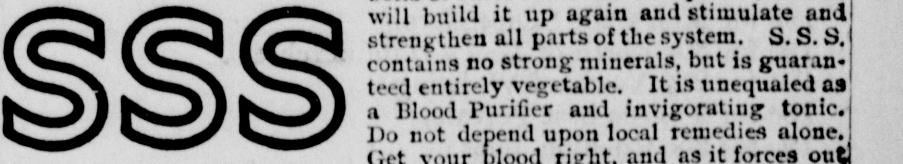

STEALING A RIVER.

Montana Citizens Appeal to President to Restrain Canadians.
Helena, Mont., Feb. 24.—A convention of resident of Milk river valley at Chinook has addressed a resolution to President Roosevelt and the secretary of the interior calling their attention to the fact that the Canadians are building a great canal with a view of diverting the waters of Milk river in Northern Montana.
All the waters of the river, which rises in the United States, are being used in the valley on the Montana side of the line and many thousands of dollars expended in irrigation works which would be of no value if the Canadians secured the water. The president is urged to secure the right of American settlers.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES
The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.
Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the skin is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out the poison the sore must heal, because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

According to the Standard's correspondent at Seoul, the Japanese bombarded Port Arthur at intervals between the eighth and the fourteenth of February, causing, however, only slight damage. The report is confirmed, this correspondent continues, that 70 miles of railroad track and some important bridges have been destroyed between Harbin and Vladivostok. This will be a great advantage to the Japanese, as Vladivostok

hanged from the girders of the bridge. The newspapers of Port Arthur dated February 4 have reached St. Petersburg, indicating that they were not more than three weeks in transit. Trains require a longer time on account of the interruptions at Lake Balkal. But the cold is exceedingly severe. Stories of the sufferings of the troops in the crossing of the lake are persistent. Some reports say 600 men were frozen. The telegraph is working well. One line, devoted exclusively to government business, runs direct to Irkutsk whence a single relay connects with St. Petersburg. The correspondent of the Associated Press is informed that the czar recently stood at the telegraph key and

Taps Reported to Have Cut Line Between Harbin and Vladivostok.

SERIOUS BLOW TO RUSSIANS

40,000 Japanese Said to Have Landed at Chemulpo, Korea—Russians Execute Japanese Officers Who Attempted to Blow Up Railway Bridge.

London, Feb. 24.—Cabling from Chemulpo on February 25, a correspondent of the Morning Post says 40,000 more Japanese troops have landed at

is known to be very badly supplied, and it therefore could not long resist a Japanese attack. There is still, however, no news of actual operations of any kind.

Special dispatches from St. Petersburg give various sensational reports of a political nature.

The Telegraph, for instance, says the Russian government has ordered its ambassador at Constantinople to obtain the permission of the port for the exit of the Black sea fleet, but M. Zinovieff, the ambassador, declined to make this request, and was able to give the Russian foreign office conclusive reasons for his refusal.

In a dispatch from Tokyo a correspondent from the Times says some hundreds of Cossacks rushed Chong, 30 miles south of the Yalu river, the afternoon of February 20. Thirty troops crossed the river at Kagan, the same evening, thus arriving within 45 miles of Ping Yang, Korea.

Japanese Officers Hanged. St. Petersburg, Feb. 24.—The Japan-

talked with Viceroy Alexieff. Military men desiring to accompany the Russian army have been formally notified that they can proceed when convenient, but it is added that accommodations and commissariat supplies cannot be guaranteed before March 15. No authorizations have yet been issued to war correspondents.

Discussing Chinese Neutrality.

The Chinese minister here has presented to the foreign officers a note, similar in tenor to that handed to the government at Tokio, regarding Chinese neutrality and the respect to be paid to the imperial tombs. It is understood that Russia has not made a specific reply, but communicated to the minister a copy of her reply to Secretary Hay's note on the subject of China.

"The war will end in August or September, in the complete defeat of the Japanese," said a high authority, in intimate touch with the Russian war plans. He added:

"How the Japanese can hope to succeed when our army in the east is strengthened to a point equal or superior in numbers to that of our adversaries we are honestly unable to comprehend. It will not be difficult to place two, four or even six hundred thousand additional men in the field, if necessary. When our forces are concentrated and ready they will finish by driving the Japanese into the sea. Frankly, it seems to us that the Japanese either have utterly failed to appreciate Russia's resources, or have counted on the aid of Great Britain or the United States, neither of which ever contemplated becoming involved. So far as Great Britain is concerned we do not believe any hallucinations existed there. We think the British statesmen who did so much to push Japan into war realize that with Japan's defeat they would accomplish two things for Great Britain—first, to give Russia a check—for, of course, the war must impede our progress, temporarily; second, to cripple Japan's maritime power, which was beginning to be greatly felt on the Pacific."

Paris, Feb. 24.—The Paris edition of the New York Herald asserts that Foreign Minister Lamsdorff wants to resign, and that M. Witte will succeed him.

In a dispatch from Harbin, Manchuria, a correspondent of the Matin says ambulances are being sent in there from all parts of Russia, and that the Baltic railroad has furnished a sanitary train for 200 wounded.

A dispatch from Port Arthur published in Paris this morning says the Japanese have dethroned the emperor of Korea and annexed the country.

Shanghai Feb. 24.—Two Chinese cruisers are expected here to settle the question of the refusal of the Russian gunboat Mandjur to obey the order of the taotai to leave Shanghai.

Seoul, Feb. 24.—A telegram received here from a foreigner at Pyng Yang says that the report that Russian scouts are at Anju is authentic. The telegram also says that the natives

THE PERPETUAL WAR

There is always a fight going on in every human body between health and disease. On one side are poor food, bad air, over-work, worry, colds, accidents. On the other are sunshine, rest, cheerfulness and nourishment.

The reason Scott's Emulsion fights so powerfully for health is because it gives so much more nourishment than you can get in any other way. Get in the sunlight and try Scott's Emulsion.

the young soldiers of the exploits of their ancestors. These musicians always accompanied small Russian armies in the olden times.

FIREMEN FACE DANGER.

Extinguish Blaze in Close Proximity to Big Gas Reservoirs.

New York, Feb. 24.—In constant danger of an explosion in three immense gas tanks, each containing 1,500,000 cubic feet of illuminating gas, across the street New York firemen fought a fire in a six story block which was damaged to the extent of \$100,000.

The gas remained in the tanks throughout the fire, owing to delay in finding the proper officials to order it withdrawn, and a large part of the apparatus called out by four alarms was employed in drenching the sides of the steaming reservoirs.

LOCOMOTIVE BLEW UP.

Three Deaths Result From Accident Eight Miles From Erie.

Erie, Pa., Feb. 24.—By the blowing out of the front of the boiler of a locomotive on the Philadelphia and Erie about eight miles east of this city Jack Fahey, a brakeman, was instantly killed. J. E. Quinn, the engineer, of Kane, Pa., died from his injuries, and Louis Staber, conductor, Erie, is fatally hurt.

Fred Jones of Erie escaped with a few burns, not serious.

SITE SELECTED FOR LUTHERAN ORPHANS HOME

Springfield, O., Feb. 24.—Trustees of the Amelia Osterlin Lutheran Orphanage have selected the Daniel Watkins farm of 100 acres as the site for the proposed Lutheran Orphans home. Lutheran orphans from Ohio, Indiana and Kentucky will become inmates of the home when it is ready. The cottage plan will be adopted.

AMENDMENTS LOST.

Ohio State Senate Passes University Tax Levy Bill.

Columbus, O., Feb. 24.—The liveliest fight of the session preceded the senate's passing of the Riegel bill fixing the state levy for the Ohio State university at 15 of a mill. Senator Shaubenger attempted to amend the bill to provide that no part of the fund provided by this levy should be expended in the department of the college of arts except for instruction in English and modern languages. The amendment was lost. Senator Stewart immediately offered a second amendment providing that any money in excess of \$200,000 raised for the university under this levy should be returned to the common school fund to be used as other common school funds are apportioned. This was also lost. The bill was then passed with only the Cuyahoga county senators voting against it.

Representative Johnston presented to the house committee on public works a substitute for his "electric mule" canal bill and asked that a hearing be given with view to accepting this as a substitute.

Eighty-eight out of the 117 Republican members of the Ohio legislature have signed the petition put into circulation by the representatives and senators of the Nineteenth congressional district pledging their votes to Gen. Charles Dick for United States senator. Fifty-nine votes are necessary to nominate in Republican caucus and 72 are necessary to elect on joint ballot in the legislature.

The house has adopted the senate joint resolution fixing March 1 and 2 as the days for balloting for United States senator.

STEALING A RIVER.

Montana Citizens Appeal to President to Restrain Canadians.

Helena, Mont., Feb. 24.—A convention of resident of Milk river valley at Chinook has addressed a resolution to President Roosevelt and the secretary of the interior calling their attention to the fact that the Canadians are building a great canal with a view of diverting the waters of Milk river in Northern Montana.

All the waters of the river, which rises in the United States, are being used in the valley on the Montana side of the line and many thousands of dollars expended in irrigation works which would be of no value if the Canadians secured the water. The president is urged to secure the right of American settlers.

SURE INDICATIONS OF BAD BLOOD

OLD SORES, ULCERS, ABSCESSSES

The best evidence of a bad condition of the blood and unhealthy state of the system, is an old festering sore, running ulcer, or abscess. They show the bodily impurities are not passing out through the proper channels, but are left in the system to clog and poison the blood. So thoroughly does the poison permeate the system that every little scratch, cut or bruise inflames and festers. Everything about an old sore or ulcer suggests disease. They affect the general health, they require constant attention, and are a source of anxiety and trouble all the time, and in some cases highly offensive. There is danger, too, of these places becoming cancerous if not treated promptly and in the right way. Washes, salves and ointments are good for external use, but they can't stop the discharge or change the condition of the blood, and for this reason the sore never heals permanently.

Not until the blood is purged of impurities and the system cleansed of all harmful substances should the ulcer heal, or the effect upon the system might prove disastrous. S. S. S. goes into the circulation and searches out and removes the cause of the old sore and invigorates and builds up the polluted, sluggish blood again, and as the poisonous matter is driven from the system the sore begins to heal, new flesh forms and the place is soon covered over with fresh skin and the sore is gone for all time. Where the constitution is debilitated from the effects of chronic sores, ulcers, abscesses, carbuncles, boils or other severe skin eruptions, S. S. S. will build it up again and stimulate and strengthen all parts of the system. S. S. S. contains no strong minerals, but is guaranteed entirely vegetable. It is unequalled as a Blood Purifier and invigorating tonic. Do not depend upon local remedies alone. Get your blood right, and as it forces out the poison the sore must heal, because nothing is left in the system for it to feed upon. Write us should you desire medical advice, which is given without charge.

SOCIAL EVENTS

PEABODY LODGE

Anniversary Celebrated With a Fine Entertainment By the Pythians.

Peabody lodge, No. 19, Knights of Pythias, with the entire membership and their lady friends, enjoyed the celebration of the 36th anniversary of the organization, in their handsome rooms in the Oyster building last evening. It was a very happy occasion, for over 100 guests were present, and is one of the annual events which members of the lodge look forward to with deep pleasure.

For some time the committee had been quite busy, making arrangements for the entertainment which was so successfully given last evening. The most pleasing and noteworthy feature was the congeniality of the guests and the cordial hospitality with which the members entertained their friends.

After the early part of the evening had been spent in sociability, the following program of recitations and music was rendered: Song, Oliver Johnson; piano solo, Mrs. Tompkinson; song, Mrs. Peake; recitation, Miss Anna McMillan; song, John Coleman; duet, Bucher & McGonigal; piano solo, Miss Verna Connor; song, Frank Coleman; recitation, John Neil; duet, Messrs. J. and F. Coleman; recitation, Walter Clark. Refreshments were served at a late hour in the evening.

Children's Party.

Master Gordon S. Cook, the young son of Mr. and Mrs. Edward Cook, will entertain a large number of his little friends at his home on Washington street on Monday afternoon, February 29, from 4:30 to 6:30 o'clock. It will be Master Gordon's eighth birthday and the children are expecting a happy celebration of the event.

Belmont Euchre.

A euchre party will be given by the Belmont club in the club rooms on the evening of March 3. The club members and their lady friends will be present. This entertainment will be followed by a theatre party which will be given by the same club on March 16.

Elks' Dance Enjoyable.

The dance given by the Elks and their lady friends at the Elks' Home last evening was a most enjoyable affair. There was dancing from 8 to 11 and luncheon was served later.

SOCIAL EVENTS

PEABODY LODGE

Anniversary Celebrated With a Fine Entertainment By the Pythians.

Peabody lodge, No. 19, Knights of Pythias, with the entire membership and their lady friends, enjoyed the celebration of the 36th anniversary of the organization, in their handsome rooms in the Oyster building last evening. It was a very happy occasion, for over 100 guests were present, and is one of the annual events which members of the lodge look forward to with deep pleasure.

For some time the committee had been quite busy, making arrangements for the entertainment which was so successfully given last evening. The most pleasing and noteworthy feature was the congeniality of the guests and the cordial hospitality with which the members entertained their friends.

After the early part of the evening had been spent in sociability, the following program of recitations and music was rendered: Song, Oliver Johnson; piano solo, Mrs. Tompkinson; song, Mrs. Peake; recitation, Miss Anna McMillan; song, John Coleman; duet, Bucher & McGonigal; piano solo, Miss Verna Connor; song, Frank Coleman; recitation, John Neil; duet, Messrs. J. and F. Coleman; recitation, Walter Clark. Refreshments were served at a late hour in the evening.

Children's Party.

Master Gordon S. Cook, the young son of Mr. and Mrs. Edward Cook, will entertain a large number of his little friends at his home on Washington street on Monday afternoon, February 29, from 4:30 to 6:30 o'clock. It will be Master Gordon's eighth birthday and the children are expecting a happy celebration of the event.

Belmont Euchre.

A euchre party will be given by the Belmont club in the club rooms on the evening of March 3. The club members and their lady friends will be present. This entertainment will be followed by a theatre party which will be given by the same club on March 16.

Elks' Dance Enjoyable.

The dance given by the Elks and their lady friends at the Elks' Home last evening was a most enjoyable affair. There was dancing from 8 to 11 and luncheon was served later.

INSANE PERSONS IN THE INFIRMARY

A Number of Them Will Be transferred to the Massillon Asylum Soon.

Lisbon, February 24.—(Special.)—Supt. H. C. Eymann, of the Massillon asylum, will visit the county infirmary tomorrow and select the quota of insane persons who are entitled to admission from this county.

Additional facilities for the care of the insane at Massillon have recently been completed, and patients who were sent to county infirmaries on account of the crowded condition of the asylum, will be returned to that institution, together with as many other insane inmates of infirmaries as can be accommodated.

LEFT TO THE LAW

Boys Accused of Theft Will Probably Be Sent to Court at Lisbon.

The four boys arrested yesterday afternoon, Roy Green, William Stone, William and Walter Wright, charged with committing numerous thefts of late in the city, will likely be sent over to Lisbon, where the probate judge will attend to them.

Their parents are objecting strenuously to their commitment to jail, but the mayor thinks they have been given enough chances to reform and should be dealt with according to law.

Eli Fawcett's Will.

Lisbon, February 24.—(Special.)—The will of the late Eli Fawcett, of Peery township, has been filed for probate and a commission has been issued to John E. Rogers, of Salem, directing him to take the deposition of Maude Peak, a subscribing witness, who is sick and unable to appear in court. The will makes a number of bequests to relatives. The daughter, Pauline M. Fawcett, is named as executrix without bond and in case of her inability to serve Louis H. Fawcett is to assume the trust.

One New Society a Day.

Lisbon, February 24.—(Special.)—There was a small audience present last night at the meeting of the Young People's Christian Union. C. H. Hubbell, field secretary, made the address. The small attendance was due probably to the bad weather. Rev. Mr. Hubbell said the movement is increasing in Ohio at the rate of one new society a day. At the close of the meeting a conference of representatives of all the young people's societies was held and steps were taken toward reorganizing the local union.

KAISER HAS CANCER.

Of Denied Report Reiterated by an English Newspaper.

Manchester, England, Feb. 24.—The London correspondent of the Dispatch asserts that the throat trouble of the kaiser is in reality a malignant affection. He says:

"I have received from an authoritative source, in which I place entire reliance, positive information that the character of the affection in the kaiser's throat is really malignant."

Licensed to Marry.

Lisbon, February 24.—(Special.)—James F. Meek and Miss Isabelle Dickens, both of East Palestine, have been licensed to marry.

HOME AFFAIRS

Brief Notes of a Personal Nature And of Matters About Town.

Lenten Services—English Lenten services will be held at St. John's Lutheran church this evening at 8. Subject of sermon: "Follow Me."

Fined \$5 And Costs—A. Anderson, arrested by Officer Shipley for fighting near the opera house Monday night, was fined \$5 and costs by the mayor.

Stevenson Property Sold—The Stevenson property, Fourth street, was sold through Miskall's agency to L. M. Thomas. The price is said to have been \$4,500.

Suit for \$125—Ferd Oeschmann has filed suit in the court of Squire J. N. Rose against Mike O'Malley to recover \$125 alleged to be due on some bar fixtures. The case will be heard on March 2.

Inquiry for Relatives—Inquiry was made of the township trustees this afternoon concerning David Lewis, who died at the infirmary this morning. The county authorities are anxious to locate a relative of Lewis, supposed to be in this city.

Holding His Own—The condition of ex-Policeman Frank Saulsberry is but little changed within the last 24 hours. The attending physician states that he has held his own for the last 24 hours, which is as much as could be expected in his case until the crisis has passed. Mrs. Saulsberry, his mother, who has been in Montana, is on the way to the bedside of her son and expects to reach home today.

CHURCH WILL PURCHASE

St. John's Congregation Decides to Buy the Davidson Property Near the Church.

At the meeting of the congregation of St. John's Evangelical Lutheran church last evening, it was decided to purchase the William Davidson property, adjacent to the church, and hold it for utilization at some future time. The decision was practically unanimous.

ANNUAL BENEFIT

To Be Given By the Ushers of the Opera House—Good Play Booked.

The ushers of the Grand opera house are preparing for their annual benefit performance and are endeavoring to secure an attraction that will fill the house and please the theatergoers. The date for the performance has not been fixed, owing to the fact that negotiations are on with several leading companies.

The ushers have been requested by a number of people to book the well known play, "At the Old Crossroads," in which Arthur C. Alston made such a hit here at their benefit year before last. The ushers have written Mr. Ashton and are hopeful of arranging for his appearance.

MERELY CAME TO VISIT

Did Not Flee to Escape Public Wrath Because of the Soffel Play.

W. B. Campbell, manager of the Grand opera house at Rochester, Pa., who was here yesterday to visit his parents, Mr. and Mrs. George W. Campbell, of Fourth street, is very indignant over an alleged interview that appeared in an afternoon paper yesterday, which stated that he was sorry that he had permitted the appearance of the Kate Soffel play and that he had come here to escape a storm of indignation.

Mr. Campbell says there was no indignation as pictured in the local publication and that he would book the play again should he so desire. He came here for a visit and not to escape from any indignation over the production of the play.

CONDUCTOR KILLED.

Passenger Train on Tennessee Railroad Jumps the Track.

Knoxville, Tenn., Feb. 24.—A passenger train on the Knoxville and Augusta railroad, a 30-mile branch of the Southern railway which runs from this city to Townsend, Tenn., jumped the track near Grady, Tenn.

Thomas M. Nipper, of Maryville, the conductor, was killed, and J. J. Graham of Jacksboro, Tenn., a rural delivery agent, was fatally injured. Ten passengers were slightly injured.

ANOTHER BODY FOUND.

Harwick Mine Gives Up Another Victim of Recent Disaster.

Cheswick, Pa., Feb. 24.—Another body was recovered from the Harwick mine. It was that of a man about 65 years old and was buried in the company cemetery.

The Iron City Trust company reports \$77,776.08 in the relief fund.

Negroes and Whites Fight.
